

WILFRED HUNKINS IS STUDENT BODY HEAD

High School Officers Elected; Classes Name Members

The student body of the Fresno high school recently elected the following officers to serve during the present semester: President, Wilfred Hunkins; Vice-president, George Parver; Secretary, Lyle Graham; Commissioner of business, Edmund Chevalier; Commissioner of athletics, Alex. Carney; Commissioner of publications, Lewis Russell; Commissioner of social affairs, Mildred Moore; Commissioner of debating, Helen McKnight; Vex leader, Alfred Serya.

Following the provisions of the newly adopted constitution, all members of the school have been occupied for some time in nominating and electing their representatives to the house of representatives.

The seniors will elect both officers and representatives at a meeting on Monday afternoon. The Juniors will be represented by the House by the following: Dot Carroll, Joe Carroll, Donald Young, Leonard Peterson, Leonard Dobson, Mildred Antun, Anna Kirch, Bert Green, Russell Clements, Eleanor Whitney, Alma Cobb, Stanford Bower, Louis Coulton and James Hony.

The sophomores selected their representatives as follows: Alex. Carney, Julia Killeen, Teddy Erik, Dorothy Furren, Jack Curtis, Ralph Fletcher, Richard Baldwin, Mildred Dismukes, Clarence Staples, George Miller, Robert Johnson and Pearl Bennett.

Presidents representatives include: Walter Gove, Phyllis Barr, Harold Breakenridge, Melvin Hancock, Opal Henderson, Delwin Paul, Fred Cuck and Miss French.

POSTPONE MASON SOCIAL
The social evening planned by Center Lodge, F. and A. M. for Saturday, October 23, has been postponed indefinitely.

ELYSIAN CLUB TO MEET
The regular meeting of the Elysian club will be held tonight with a special program. All members are requested to be present at 7:30.

LAS PALMAS MEETS TONIGHT
John S. Chambers, state controller, will address the members of the Las Palmas lodge this evening on the subject of "The Business of Government."

Eastern Stars in S. F. For Grand Session

Mrs. S. L. Platt and Mrs. E. Harri-son, heads of the local chapter of the Order of the Eastern Stars, with Miss Fannie Rosenthal are in San Francisco attending the grand session of the order which opened there Tuesday. The election of officers is scheduled for Friday evening.

Mrs. Platt expects to remain in the northern city to visit her son, Lawrence, a Stanford student who has just returned from a several weeks' trip to Manila.

SUPERIOR COURT NOTES
A suit for the collection of \$563.33, alleged to have been loaned the deceased under condition that it would not be payable until her death, was brought yesterday by Harry G. and Nathan Northey, doing business as Northey & Son, against Curtis L. Mackney, executor of the will of the late Isaac E. Stieney. The executor has rejected the claim and offered payment in the sum of \$532.57, which the plaintiffs refuse to accept. Mrs. Stieney was a sister of Nathan Northey.

Collection of the sum of \$388 due on the delivery of a crop of peaches was instituted yesterday by E. W. Eckard against Joe Augustus and John Sophy.

Divorce actions brought yesterday were William Heilly against Adelaide Heilly, and L. H. Hoshargh against P. J. Hoshargh.

Articles of incorporation of the Edwards Insurance Agency company were filed with the county clerk yesterday. The company is capitalized for \$100,000 divided into 1000 shares having a par value of \$50, four of which have been subscribed for. The incorporators are T. A. Huchaupt, O. Frederickson, S. L. Platt, Dan Desmond and E. Edwards.

A certificate covering an increase in the capitalization of the Golden West Vineyard company, V. Wake, president and M. J. Wickstrom, secretary, from \$15,000 to \$40,000 was filed yesterday.

Society

The interesting news of the engagement of Miss Anna Beveridge and William Sample was told yesterday afternoon when Miss Beveridge entertained the Tuesday bridge club at the home of her brother, George Beveridge, in the country. Just before the guests began to play, Mrs. George Beveridge entered the room carrying a tray on which rested a corage bouquet and the engagement ring, which was given to her sister-in-law. Attached was the card bearing the announcement which caused no end of excitement.

In the bridge games, Mrs. Blaine Rogers held high score. Besides the members of the club, there were present yesterday to hear the interesting news, Messdames Gerald Thomas, J. W. Wilson, Herbert Gundelinger, Alfred McKensie, Geoffrey Heall of Madera, Harry Sample and DeWitt Holm.

The date for the wedding has been set for November 12, at St. James Pro Cathedral.

With only relatives and the most intimate friends to witness the ceremony, Miss Florence Lockwood and Robert Sparks were yesterday married at high noon at the home of the bride's parent, Dr. and Mrs. A. T. Lockwood. The house had been beautifully decorated, the living room being done in white corymbium, a bower of the flowers and ferns forming a fitting place for the service to take place.

Following the singing of Cadman's At Downton, by Miss Emma Daulton of Madera, Mrs. Lynn Wright played the wedding march which brought the bride, leaning on the arm of her father, into the presence of the guests. She was met by the groom and the minister, Dr. H. H. Bell. The wedding gown was of ivory tulle with a net wedding veil worn. The wedding bouquet was a shower of roses and lilies of the valley. There were no attendants.

Buffet refreshments were served following the ceremony, the dining room was effectively decorated with pink and white roses and cosmos. Late in the afternoon, Mrs. Sparks shipped away to return later dressed for a motor trip to San Francisco and down the coast to Los Angeles. She wore a lovely suit of blue peach bloom trimmed with fur, with a becoming brown and old rose turban. To the regret of their many friends in Fresno, the new home will not be made here but will be established on a ranch in Tippecanoe.

Mrs. Lillian Brookhardt Goldsmith, the well known reader and lecturer

who is to give a program this afternoon at the Parlor Lecture club, will arrive this morning and will be the house guest of Mrs. L. H. Wilson at her home on Kerkhoff avenue. Mrs. Wilson will entertain in her honor today at luncheon, the table to be attractive with a centerpiece of chrysanthemums.

Among those who have been invited to meet Mrs. Goldsmith are: Messdames C. H. Holm, W. A. Fitzgerald, J. H. Pettis, C. P. Kelly, P. E. Cook, Guy Manson, T. E. Riley, George Millward, S. L. Platt, Emma Mesow Fitch.

Excursions are being issued for a masquerade dancing party at the Winter garden on the evening of Friday, November 3. The hosts will be Messrs. Jim Phelan, Chris Phelan, Richard Lazarus, Frederick Briggs, Frank Stuck, Guy Miller, Frank Blasingame, Milton Barr.

Miss Dora Tucker entertained at a dancing party Tuesday evening at her home on College avenue, commencing her house guests, Miss Anna Beveridge of San Francisco, during an intermission in the dancing, but refreshments were served. The guest list included: Mrs. Allen McNab, Misses Sibyl Self, Beulah Foster, Roy Rogers, Joe Clayton, Gladys Meier, Lydia Smith, Charibel Adams, Messrs. Ed. Post, Paul Post, Fred Post, Edwin Bonds, Wilfrid Sanborn, Harry Tucker, William Gow, Henry Brooks.

Complimenting Mrs. Roy Hamd of Berkeley and Mrs. Herbert Schaffner of Philadelphia, Mrs. Ivan McInnis entertained at bridge yesterday afternoon. Mrs. A. Seymour receiving the prize for high score. Refreshments were served on card trays at the conclusion of the games.

As a compliment to Mrs. Morace Brown of San Francisco who is visiting her mother, Mrs. Anna Newman, a delightful tea was given Tuesday afternoon by Mrs. John Manning, the guests all being old friends of the guest of honor. Among those who enjoyed the affair were Messdames Montgomery Thomas, Florence Reed, Milton Dearing, Arthur Anderson, Charles Ward, William J. Cleary, Harry Craycroft, Wilbur W. Craycroft.

Mrs. P. E. Wharton, formerly of Fresno but now living in Berkeley, is in town, the guest in the homes of Mr. and Mrs. W. C. Wharton, and Mr. and Mrs. George Turner. Mrs. Wharton is returning from a delightful visit of six months in New York when she was the guest of Mr. and

In order to facilitate the work of getting out the Society paper, it will be necessary that all contributions for the society column or club section be in the office of The Republican not later than Tuesday evening of each week.

Mrs. Edward H. Clark and family.

Mrs. Wylla Giffen will entertain the members of her Sunday school class together with the members of the Ladies' Women's class of the First Presbyterian church on Saturday afternoon at her home in the country.

Mrs. P. U. Waterman has returned from a two months' visit with relatives in San Francisco and Bay cities. She also enjoyed a sojourn in the country, accompanied by her cousin, Mrs. M. E. Cook of San Francisco.

Miss Helen Hofer will return home tomorrow evening from the University of California to spend the week-end with her mother, Mrs. J. P. Hofer.

Mr. and Mrs. Roy Hand and young son of Berkeley motored down the coast of the week and are the guests of Mr. and Mrs. W. O. Blasingame until Friday when they will return home.

Mr. and Mrs. Emil Kohnlein are enjoying a week's sojourn in San Francisco.

The Columbia Social Club will entertain with a whist party Friday evening at Parish Hall.

The Harmony Bridge Club was entertained yesterday afternoon by Mrs. H. B. Dix, the members enjoying the usual games of cards which resulted in prizes going to Mrs. John Hartman and Miss Maude Hoffman. Playing with the members were Mrs. H. L. Zimmerman and Mrs. K. W. Ruchhaupt. The serving of delicious refreshments continued the afternoon.

At Hotel Fresno, November 17, a charity bridge party will be given by members of the Fresno Relief Society. Reservations for tables should be made at once through Miss Elsa Blumstein, Mrs. Arthur Anderson, Miss Margaret Clark, Mrs. J. A. Manning or Mrs. Florence Reed. Without the war tax, tables will sell for \$2.

Welfare Department Here Needs Clothing

The County Welfare Department is urgently in need of clothing for some of the poor under its care and anyone having clothing to give may phone the department at 4350 and it will be called for.

SKELETON RELIC OF CAMEL BAND

Stands in Museum as
Sole Survivor of Ship-
ment of Fifties

WASHINGTON, Oct. 20.—The skeleton of a camel which stands in a case at the National Museum here, constitutes the sole relic of two shipments of camels brought from the East to the "littles" while Jefferson Davis was secretary of war, in an effort to solve the problem of transporting military supplies between the Mississippi river and the posts scattered across the western deserts.

Executive of native mule drivers to the "littles of the desert" and the beginning of the civil war were assisted by government authorities as the reason for the failure of the effort to utilize camels as burden carriers over the western plains.

Dr. Charles C. Carroll of the department of agriculture, has written an official history of the importation of camels. He says the idea of transplanting the camels to America originated with the Spanish after the conquest of South America and toward the end of the eighteenth century they were introduced into Peru. The camels were not looked upon with favor by the ruling officials, however, and they died out. Some camels also were transported to Virginia from Guinea in 1801, but there is no authentic record of the enterprise.

Transportation troubles during the southern Indian war in Florida caused Major George H. Crockett to advocate the use of the camels for military purposes, but nothing came of the plan. Some years later Major Henry C. Wayne suggested to the war department and to members of congress a plan for government importation of camels.

Major Wayne, who was then in command of the storehouse supply, with her crew, under the command of Lieutenant David H. Porter (afterward Admiral Porter), it was ordered that the ship had at a Texas port, as it was supposed the climate there would be more suitable than that of the far East.

Major Wayne and Lieutenant Porter brought the camels to the United States, where they were presented to the United States two other animals, one of which finally became the veteran of the American hero.

Encounter Red Tape
The ship then went to Constantinople, where the officers declined an offer of the sultan of Turkey to present four camels to the United States because it was found the animals would have to be brought from Asia, and the officers did not want to wait for them. The ship then went from Constantinople to Alexandria, Egypt, where it was proposed to purchase ten dromedaries and thirty camels, but "red tape" so delayed the Americans that they landed three dromedaries and one camel ready to sail. Before leaving, however, they secured six fairly good beasts. The ship sailed with nine dromedaries and the camel presented by the Bay of Tunis, the two others obtained in Tunis having been sold to a Turkish butcher after they were found to have signs of strychnine.

Guy II. Hap was sent on ahead to Smyrna, and when the supply arrived at that port the remaining camels were found assembled. Mr. Hap had purchased them at prices ranging from \$100 to \$160.

The voyage home was begun on February 15, 1856, with thirty-three animals, nine dromedaries and twenty-three camels of burden, and one calf. Six Arabs were engaged to go along with the animals, as it was thought they would prove useful in their management. "A Turk" was employed as a "camel man," but his medical services were dispensed with after it was found that his cure for a cold was a piece of cheese; for swollen legs, leeches were used; and for trifling complaints, fiddling the animal's nose with a chameleon's tail.

Landed in 1856
The cargo was landed at Indianapolis, Tex. May 14, 1856, and the beasts were taken by cattle grazers to San Antonio, 120 miles away, where Major Wayne planned to establish a camel ranch and to attempt the breeding of the animals, but Secretary Davis instructed him to find out whether the animals were adapted to military use.

Major Wayne found the animals highly satisfactory for the purposes for which they were secured, and as some thing over \$20,000 of the original appropriation remained, Lieutenant Porter was sent for another shipment. The sultan of Turkey gave six dromedaries which were included in the lot of forty-one animals landed at Indianapolis, Feb. 15, 1857. The camels were taken to Camp Verde, which had been established as the camel station. Five of the first herd had died, one it was said from hanks received from mule drivers.

The senate, in February, 1857, directed the secretary of war to make a report on the camel experiment, which was done, and John B. Floyd, who became secretary of war under President Buchanan, continued to care for the camels, saying in his annual report of 1858:

"The experiments thus far made, and they are numerous, fully demonstrate that camels constitute a most useful and economic means of transportation for men and supplies through the great deserts and barren portions of our interior."

Secretary Floyd recommended that congress authorize an appropriation for the purchase of 1,000 camels, but the lawmakers did not agree with him, and the further expenditure was prohibited.

During the summer of 1857 the camels were used in carrying water and for long duty. That fall Lieutenant Porter was placed in command of a wagon train from Fort Defiance, New Mexico, to the eastern frontier of California, using part of a herd of camels. The journey took forty-eight days through unexplored wilderness, plains and deserts. The camels carried water for the mules on the desert, traversed stretches of country covered with the sharpest of volcanic rocks and swam rivers without hesitation.

When Lincoln's administration began in 1861 the war department had twenty-eight camels in California. There, with several others brought from Texas, were held in various forts and military reservations in California without being put to any use. In 1862 Lieutenant Porter wrote Secretary Stanton of their idle condition and proposed to use them for further exploration and in packing supplies across the Great Desert, but his proposal was rejected, as was one a year later to use the camels in carrying

Plan Restoration Roosevelt Birthplace

NEW YORK, Oct. 20.—The birthplace of Theodore Roosevelt at 28 East Twentieth street, New York, is to be restored as nearly as possible to its condition in 1883, according to the officials of the American Roosevelt Memorial Association following a recent conference here with Theodore Roosevelt's son, John W. Roosevelt, the architect having the plans in charge.

An adjoining house at No. 28 has also been purchased and both structures will be remodeled to conform to the architecture of the time of the Roosevelt family. They will have brownstone fronts and mansard roofs and the interior of No. 28 will be made to resemble the house of the Roosevelt family.

Old muntz, chandeliers and furniture will be put back in place and childhood friends of the Colonel will supervise the decorations. The house will be a museum of the life of the Roosevelt family.

According to the architect's plan the top floor of both houses will be utilized for an assembly hall suitable for holding of the Roosevelt family. The plan also includes the construction of a museum of the life of the Roosevelt family.

JOHN REED IS DEAD, MOSCOW

American Magazine
Writer and Socialist
Has Varied Career

John Reed, American magazine writer, whose death is reported at Moscow for the past ten years, was prominent as a writer in magazines and a war correspondent. He wrote a number of books on the Russian revolution and the Russian civil war.

In 1919 he was in Russia as a socialist delegate and upon his return it was announced he had been appointed Russian consul in New York. He was an ardent supporter of the United States government.

Reed's pronounced views on communism led to his arrest on several occasions and it was charged he made editorial utterances while the United States was engaged in the war. The charges were dropped, however, in April, 1919.

He sailed for Russia during the summer of the same year and subsequently to that time was believed at this time for violation of the state security laws. It appears he returned to the United States and continued to live in New York, but he was reported to have been found in a cold harbor in a Russian port.

The state department has not yet announced the results of its investigation. Reed had been reported to have been found in a cold harbor in a Russian port.

Reed's death is reported to have been the result of a heart attack. He had been suffering from a long illness.

POPULATION OF CANADA GROWS

Estimates Place Over
Eight Millions For
1921 Enumeration

OTTAWA, Ont., Oct. 20.—With preparations under way for taking the census of Canada, the government of Statistics Canada has estimated the population of the nation at 8,150,000. It is believed the census will prove this estimate approximately correct, though some optimistic place the population at 10,000,000.

This will be the sixth enumeration since confederation in 1870. The government has shown by the former census has been as follows:

1871..... 3,800,000
1881..... 4,800,000
1891..... 5,800,000
1901..... 6,800,000
1911..... 7,800,000

Three-fourths of Canada's population is in Ontario, Quebec and the Maritime Provinces. Not more than 2,000,000 people live in the west of the Great Lakes.

The trend of recent immigration is reported strongly toward the West. The trend of recent immigration is reported strongly toward the West.

COME AND SAVE Shoe Prices Reach The Lowest Level

We are preaching and practicing lower prices! Just now this store is in the midst of a tremendous effort to bring prices back to a pre-war level basis, and thousands of shoe buyers are crowding our store every day.

We have attempted the unusual and are succeeding wonderfully in saving the shoe buyers in this vicinity from the high cost of footwear. The savings are tremendous, for we are offering footwear of such high quality as you would expect to be shown only in the best shoe stores.

Following the Henry Ford Plan, This Store Announces Continual Price Reductions.

\$7.75

For Women's Shoes, Oxfords, Pumps and Strap Slippers worth from \$10 to \$17.50.

A striking example of the values we are offering is represented in this one item.

We offer you the very best footwear that money can buy, in styles that have no peer at the one price of \$7.75. This means new shoes that would sell ordinarily from \$10.00 to \$17.50.

High shoes, low shoes, oxfords, pumps, strap slippers, everything that fashion decrees shall be worn can be obtained here at this radically low price.

High shoes, low shoes, oxfords, pumps, strap slippers, everything that fashion decrees shall be worn can be obtained here at this radically low price.

\$2.75 In Our Economy Basement Buys Women's Footwear Worth to \$10

A great many styles and all sizes are represented in this lot, including colored kid shoes, black kid and black calf shoes, strap slippers, French heel and military heel pumps.

This is an extremely low price, rare bargains that set a new standard of low prices for this vicinity. Even before the war shoes of this quality at such a low price were considered exceptional.

Two thousand pairs to choose from and every pair at a big saving.

Club News

OF THE SAN JOAQUIN VALLEY DISTRICT

The first meeting this year of the Association of Collegiate Alumnae will be held next Saturday at the Fresno State Normal, when a box luncheon will be featured at 1 o'clock. A good program has been prepared for the afternoon. Since the resignation of Mrs. Edwin Blustein as president, Mrs. E. J. Sutton, the vice-president, has been acting in her place. Reservations for the luncheon must be made today by phoning Mrs. M. E. Newlin, 2130-W.

At the Parlor Lecture Club this afternoon, Mrs. Lillian Dornheim, Goldsmith of Los Angeles, will give readings. Mrs. Goldsmith has a wide reputation as a public reader and lecturer, and her visit is awaited with pleasure. Members of the club will be permitted to bring a guest. Mrs. Goldsmith is just completing a tour of the valley towns, in many of which she has given entertainments. She was in Fresno three years ago and made many friends for herself at that time.

The Leisure Hour Club met yesterday afternoon with the Misses Balthus on Stanislaus street. Mrs. J. C. Balthus giving a talk on Early California Landmarks. A social hour followed, with music by the hostesses. The club will meet next week at 1307 L street, Emory Hatchette of the State Normal faculty to give a talk on the Early History of the San Joaquin Valley.

The Oleander Study Club will meet tomorrow afternoon at 2 o'clock at the home of Mrs. A. J. Rudy, 3538 Huntington boulevard.

The Emerson P. rent-Teachers' Association held a special meeting in the school building yesterday afternoon. Mrs. Hanson McCormick, at the invitation of the president, Mrs. D. M. Nishkian, gave an instructive speech. The constitution was adopted and the date for the next meeting set for October 27 at 3:30 o'clock.

The Madara County Federation of Women's Clubs met yesterday in Madara as guests of the Women's Improvement Club of Madara. The meeting was held primarily to consider the amendments to the constitution which are to be voted on in November. Mrs. A. G. Shaw of Raymond presided. The principal speakers were Mrs. Herbert A. Cable, general federation state secretary, and Mrs. Mollie Bloom Flagg, San Joaquin valley district president. Mrs. Cable condemned the proposed constitutional amendment, and on the ground that it is destined to curb the right of the people to initiate legislation.

The Madara club members were invited to participate in a meeting at Dos Palos next month, when Mrs. F. A. Gibson, mother of the Americanization movement in the United States, will speak.

The Teller school of Oil Center raised \$96 at a benefit school to be used for a school flag and for the local team. The benefit was planned by the teacher. The boys of the baseball nine raised their own money at the social by selling dressed dolls and with a fish pond. A supper was served in the basement, refreshments. The basement is a beautiful decorated by Mrs. M. J. Roberts, who also prepared the supper. A program was given by Mrs. George Edson, Miss Agnes Krutzer, Miss Jane Wright and the E. S. quartet.

The Bakersfield First Baptist church will conduct a school of religious education each Tuesday night. Three courses are announced by the pastor, Rev. Frederick Hatch. The first course will be a teachers' training course, to be conducted by Miss Lulu Kermick. The second will be a course on missions, with a study of South America, to be conducted by Miss Mary Holloway. The third course will be a Bible study of the Pentateuch, by Rev. Hatch. There will be two nightly periods, from 7:30 and 8:15, closing at 9. The outlook for a good-sized class is promising.

RED CROSS SHOP

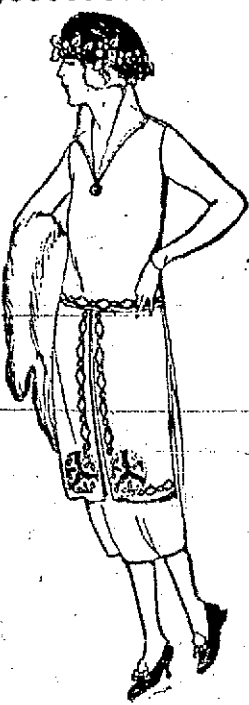

A go-to assortment of ladies' winter coats and dresses are awaiting buyers at the Red Cross Shop today. When members of the First Christian church will be in charge. Yesterday, the standing committee served as saleswomen at the shop, making sales amounting to \$28.45.

A number of the members of the Newman Woman's Club are making arrangements to attend the Federation of Women's Clubs meeting and luncheon to be held at Turlock today. At the last club meeting the members decided to hold a reception for the teachers and parents on October 23 at the R. of P. hall. The parents are urged to come out and meet the teachers of the school.

Dance, Chavis, Sat. eve. 7:30 or 8:30.

Daily Fashion Hint

Prepared especially for The Fresno Republican.

THE SLENDER SILHOUETTE

The charm of the straight-line frock is perennial and it is every whit worth the artistic effort expended upon it. A charming design is shown here, developed in old blue tulle. About the tulle and lower edge of the long white is embroidery done in blue, black and gold. Rovers and an up-standing collar finish the V-shaped front. Medium size requires 3 1/2 yards 34-inch material.

WANT L. A. FRESNO LINE

J. E. Morahan and H. A. Rose under the name of the Truckportation Company, have applied to the Railroad Commission for a permit to establish a freight and express service between Los Angeles and Fresno. They make the claim that the present auto truck service is inadequate.

WANT GRADE CROSSING

The supervisors of Tulare county have asked the Railroad Commission for authority to construct a highway crossing at grade over the tracks of

Woodmen Initiate 25 at Regular Meeting

Manzanita Camp Woodmen of the World initiated a class of 25 candidates at their regular meeting, following which a member, W. A. Miles gave an interesting talk on the world's finances. The camp voted to hold in every way possible during the Red Cross drive.

IN THE LODGE ROOM

Security Benefit Association No. 2580 is planning a masquerade dance for Friday evening, October 29th, to which all members and friends are invited.

Ladies G. A. R.

The Ladies of the G. A. R. George A. Custer Circle recently gave their semi-annual birthday party to the members of the Atlanta Post and Circle, under the direction of Mrs. Martha Davidson, Mrs. Laura Clark, Amy Osterander, Winnie McClellan. A program was presented consisting of campfire talks and other war reminiscences. The ladies are celebrating the visit of Mrs. Allison Thompson, department president on October 20, for inspection of the work and condition of the circle.

ASK TO RENEW NOTE

Midland Counties Public Service Corporation today applied to the Railroad Commission for authority to renew a note for \$35,000 held by A. C. Baly for the use of the corporation gives utility service in Fresno, Monterey, San Luis Obispo and Santa Barbara counties.

NAME ERRONEOUSLY GIVEN

Through an inadvertent error, it was stated that A. Joseph was a member of a party of men engaged in an altercation on North First street. The article should have read "M. Joseph" instead, as the former was in no way connected.

BUILDING OF THE DAY

Permits issued yesterday by the city building inspector included the following: E. W. Kimmel, College Addition, dwelling, \$1500. Bruce-Largo, El Capitan Addition, garage, \$500. Hector Burgess, 1021 T street, dwelling, \$800. J. Campidemon, 712 Thorne, dwelling, \$1200.

PORT WORTH, Oct. 19

General Alvare Obregon, president-elect of Mexico, made a plea for increased co-operation and friendship between the United States and Mexico at a luncheon given in his honor by the Port Worth Chamber of Commerce yesterday.

NEW YORK, Oct. 19

The international health board of the Rockefeller Foundation in the second installment of its annual report issued today, told of unusual progress made in France during 1919 in anti-tuberculosis work and the fight against yellow fever in Latin America.

VALLEY HERO DEAD WILL ARRIVE FRIDAY

Body Sergt. P. C. Weeks Is Brought Home For Burial

MODESTO, Oct. 20.—The body of Sergeant P. C. Weeks of Modesto, who was killed in action in Europe is due to arrive with 15 other bodies of California soldiers on Friday at Oakland Mole from Hoboken, N. J. The bodies will be received by the body and funeral services with military honors will be held here. Weeks was a member of the 100th aero squadron.

TO ISSUE DIVIDEND

Although Warehouse and Milling Company has applied to the Railroad Commission for authority to declare a stock dividend of 1520 shares, although it is in Tulare county.

Futile Dash For Liberty Ends Death

Josephina Molina, who sustained a badly broken leg in attempting to escape from the county hospital last Saturday evening, died early yesterday morning from gangrene which had set in after her leg had been amputated Wednesday. Miss Molina, a pretty young woman of respectable and well-to-do Los Angeles people, was placed in quarantine at the hospital after she was found to be suffering from a spinal disease. Big other inmates of the hospital made good their escape. The police are attempting to locate the relatives. Funeral arrangements will be announced later by Lile and Ross.

TRY THIS FOR BREAKFAST TOMORROW

If you want to serve something that is easy and hearty prepared—something that the entire family will relish tomorrow after morning, try Life O'Wheat.

Life O'Wheat makes the most nourishing, healthful and appetizing breakfast imaginable. It is decidedly economical, too, as a big package costs only a few cents, yet makes twelve pounds of cooked food. The distinct, sweet, nut-like flavor of Life O'Wheat sets it apart from all others and makes it more than a mere breakfast food. All grocers now have a fresh supply, and will refund the purchase price to those who are not satisfied.

WAGE BOARD IS NOW IN SESSION

Hearings on 200 Lines to Be Before New Commission

CHICAGO, Oct. 19.—The Federal Highway Wage Board today began its hearings in the wage disputes of more than 200 shortline and interurban roads outside the scope of the recent wage award of the board. Testimony was confined to that bearing directly upon the authority of the board to fix wages on electric interurban lines not operating as a part of steam transportation systems, leaving argument concerning the merits of the specific demands for later consideration.

The jurisdiction of the Federal Wage tribunal over independent electric roads was challenged by five intercity roads, and Chairman Barton ruled that the jurisdiction question must be disposed of before differences between the roads and workers could be taken up.

Contentions that the government body had not power to pass upon labor questions touching electric roads were based upon section 300 of the Bach-Cummings bill creating the board. This section, attorneys for the lines argued, specifically exempted all electric railways not operating as a part of the general transportation system. Counsel for the Hudson and Manhattan Railway, the Pacific Electric Railway of Los Angeles, the Piedmont and Northern Railway, and the Chicago, Lake Shore and South Bend Company had claimed exemption from the board's rulings under this section.

Quakes Recorded

Chicago, Seattle

SEATTLE, Oct. 19.—An earthquake of moderate intensity beginning at 3:30 p. m. today and continuing until 5:15 was recorded on the seismograph of the University of Washington. Dean Henry Landes said the shock probably centered at a distant point almost due east of Seattle.

CHICAGO, Oct. 19.—An earthquake shock starting at 3:24 p. m. and continuing at 9 p. m. was recorded on the seismograph at the University of Chicago. C. A. Doherty, in charge of the bureau, said the quake was of moderate intensity, about 550 miles from Chicago.

BRITISH MISSION AT PLYMOUTH, ENGLAND, Oct. 19.—A British mission stood at Plymouth Rock today in honor of the memory of the Pilgrim fathers. The mission, headed by Lord Rotherham, came in connection with the anniversary of the Pilgrims' landing. The visitors were to be guests of Harvard University at dinner tonight.

FEDERAL BUREAU ASKS PAYMENT

Makes Written Demand on County For Lake Road Money

Through C. H. Sweetser, district engineer, the federal bureau of good roads has filed a request with the county for a deposit of \$10,000 to apply to the final bills for the construction of the federal aid highway known as the Huntington Lake project.

The engineer in his letter states that prompt action on the part of the county will prevent further delay in meeting the last pay rolls and expenses. The federal and state funds available are said to aggregate more than the \$6,536.15 originally offered by the county.

Deputy District Attorney Ray W. Hays has given a written opinion to the supervisors to the effect that the county may legally meet and is liable for one-half of the total cost of the road construction, amounting to about \$45,000.

The San Joaquin Light and Power Company informed the supervisors in a letter yesterday that the delay in completing the Huntington Lake lighting system was due to a shortage of poles and the difficulty of obtaining the same.

Becomes Fugitive After "Bunking" Law on Bad Check

Makes Written Demand on County For Lake Road Money

Manoos Sahagian, although a fugitive from justice, is one of a distinctively few men in the country who can claim to have "bunked" the law.

Sahagian, arrested a few weeks ago on an accusation of brutally assaulting his wife, fled from the country. It was said, after presenting to the justice of peace a check for \$200 as bail. The check came back to "bunked" marked no good.

Yesterday, however, when the case reached the superior court Judge H. Z. Austin took steps to prove to the wrong-doer that it is expensive business slipping one over on the blind-folded lady, Justice.

The court issued a bench warrant for Sahagian's apprehension and fixed his new bail at \$1,000.

Marker Oshanesian entered a plea of not guilty to a charge of assault with intent to kill and his trial was set for November 5. Bail was fixed at \$5,000.

J. Wong, owner of a Broadway cafe, was arrested yesterday on a complaint issued from the district attorney's office accusing him of violating the child labor law. He is alleged to have employed a 15-year-old girl to work from 5 p. m. to 6 p. m., while the law forbids such work between the hours of 10 p. m. and 5 a. m.

URGENT LENIENCY WINE BURGLARS

Favorable Report on Two By Probation Officer

Recommendations of leniency in disposal of the cases of John T. O'Neil and Thomas H. Green, charged with participating in the robbery of the wine cellar of John Casserelli, were made to Judge H. Z. Austin yesterday by Probation Officer H. A. Sessions.

Sessions suggests to the court that the young men reimburse Casserelli and make no profit out of a transaction where they sold a barrel of the stolen wine to a local club for \$200. He urges that \$100 of this amount be paid the original owner and the remainder be turned into the county treasury to defray a part of the cost of their prosecution.

The officer declared his investigation tended to show that the robbery was committed as a prank and the sale was made after the boys had realized they had no means of disposing of the eight barrels of wine taken.

Tax Collections Net \$40,000 a Day

Total collections of county and city taxes for the three days since the first installment became due amounts to \$118,402.67, according to the cash return made yesterday by collector Ray Baker to County Treasurer A. D. Ewing.

This is an average of nearly \$40,000 per day although the actual collections have ranged from \$35,239 on yesterday to the high mark of \$18,579.50 on the opening day.

EXHAUST YEAR'S VENIRE OF JURY

Summon Last Score in Box For Criminal Case Trials

The list of 500 talerms for jury service during the current year, turned by the supervisors on January 1, became exhausted yesterday when Judge H. Z. Austin summoned the last score in the box for criminal calendar duty on October 27.

It was regarded as practically certain that a venire of this size would not be sufficient to complete the panel and that an additional special venire would be needed by the court. Some fifty to sixty talerms are needed for the service. It was thought.

Those summoned yesterday were: J. Bennett, Herbert Cliff, A. E. Chartrand, E. M. Gustin, Marcus A. Ford, Charles F. Hart, Jacob M. Mitchell, S. L. Hart, W. W. Saffinger, Melvin H. Schuchman, A. D. Warner and Mrs. M. M. Wall of Fresno; Frank LaBatt of Lemoore; Hazel M. Eymann of Reedley; Thurnal Hansen of 24th Street; Thomas Hamilton of Adairville; Wesley Johnson of Kingsburg; W. D. Masgaard of S. M. and H. W. Weikison of Fowler.

DEATHS

Atkins, in Fresno at a local hospital, Oct. 20. Cause, pneumonia, after an illness of several days. Burial at the local cemetery.

Arrange For Return of Russian Children

UICA, Oct. 20.—(By the Associated Press.) Preliminary arrangements have been made for the return to Russia of the 781 Russian children taken from Vladivostok by the American Red Cross and brought to America by way of the Panama canal, according to Colonel T. W. Ryan of the American Red Cross, who has just returned from Helsinki, Finland.

The steamer bringing the children to Europe arrived at a Finnish port October 12 and the children are being housed at Helsinki near Viborg.

Fifty of the little Russians are ready for repatriation and will be taken across the frontier as soon as the necessary formalities are completed. The others will be taken to the frontier as soon as Soviet agents give proof that they have located the children's relatives, who will receive them.

PLAN NEW COALING STATION, KINGSTON

KINGSTON, Jamaica, Oct. 19.—The estimate which have just passed the British House of Commons provide for an expenditure of the Imperial government of \$100,000 to build a coaling station for British naval and mercantile ships.

A large strip of land to the eastern end of the harbor has been acquired for a quay and work is now in progress. An army and navy canton under the auspices of the Imperial government has also been established and everything is being done to attract vessels passing through the Panama Canal.

The local government's scheme of harbor improvement has been referred to a special Board of Experts. It is intended to dredge the harbor where vessels with a draught of 16 feet will be able to enter without fear of getting stuck in mud banks. On account of the shallowness of certain parts of the channel, the British fleet is unable to bring the Prince of Wales here in September next will have to anchor at Port Royal, five miles outside Kingston harbor. A special cruiser will convey the Prince and his party to Kingston.

CAPTURE 163,738 EVADERS OF DRAFT

WASHINGTON, Oct. 20.—Draft evaders who had been apprehended up to July 15, and their cases disposed of by the military authorities numbered 163,738, it was announced today at the war department.

The total number of draft desertions which had been reported to the provost marshal general was 498,032, but examination of government records showed that 163,738 men chosen as deserters had enlisted in the army, navy or marine corps or in the armed forces of the Allies so that the total number of desertions still listed numbered 163,911.

The department's announcement added that probably several thousand men had been apprehended and their cases disposed since July 15.

"The number of deserters is being reduced and will be further reduced after the examination of the records in all cases has been completed," said the department's announcement.

"One of the reasons for giving publicity to the fact that the list of deserters was to be published was to cause all those persons in whose mind there existed doubt as to their final status to write to the war department in order that their records could be investigated."

Small Raid May Be Very Serious Affair

PEKING, Oct. 19.—By the Associated Press.—The recent raid by bandits upon Hanchuan, a small town in eastern Manchuria, contiguous to both the Korean and Siberian borders, which at the time attracted little notice, promises to develop into a diplomatic controversy between China and Japan, involving the Korean border district of Chentao, to the south of Hanchuan. The difficulty is threatened through the sending by Japan of troops into Chinese territory for the protection of Japanese citizens. It was declared in Tokyo that the Chinese ministry had committed itself to allowing Japanese forces to co-operate with Chinese troops on Chinese soil in the disturbed district, but subsequently refused to agree to the sending of Japanese reinforcements to Hanchuan, China, however, denies that she ever admitted the right or necessity for the entrance of the Japanese, and defines her attitude as one of protest against an accomplished fact.

In addition to filing a protest with Uchida Obata, the Japanese minister at Peking, the Chinese foreign office has emphasized its desire that all Japanese troops be withdrawn as soon as the Chinese troops which have been dispatched arrive at Hanchuan, the Chinese guaranteeing protection to Japanese subjects.

STYLE HEADQUARTERS

Where Society Brand Clothes are sold

© A. D. & C. 1929

Why we sell Society Brand Clothes

Because you should buy them

When a man puts on Society Brand Clothes he, in a measure of speech, steps entirely out from the crowd of commonplace clothes wearers—he becomes a style leader.

Society Brand Clothes give distinction of appearance through their skill and good judgment in tailoring. It is tailoring without fancy trimming—tailoring without a flaw.

We find that the men who think ahead of the crowd like Society Brand Clothes—for their style value, their wear value and the ease with which they can purchase a correct-fitting suit or overcoat.

MAKE PLANS FOR MARVIN TALKS

Citizenship Topic For
Lectures; Announce
Committees

With plans for the opening of a statewide organization to promote the lectures of Dr. Marvin on citizenship subjects, and to inform the people of Fresno and vicinity of the importance of the material in his talks, a large number of Presnians interested met yesterday afternoon at the Hotel Fresno and chose the following committees. Reception, Dr. W. B. H. Schults, chair; Osborn, H. L. Patterson, publicity; Mrs. S. E. Marvin, Dr. M. G. Thompson, W. E. Sweeney, finance; C. E. Brown, H. C. Ott, and Dr. N. H. Clark, finding of a place of meeting; Mrs. Jennie Miller and Wheaton Brown. These committees are to select a general chairman and a general committee.

Thomas Miller Died Monday, Santa Cruz

Thomas Miller, formerly a resident of Fresno, died in his late home in Santa Cruz Monday, according to word received here yesterday. Miller had been a resident of that city for the past year. He was sixty years old and a native of Denmark. He leaves a wife, Mrs. Miller, and three children, Chris and Margaret Miller and Mrs. H. Rossmussen. Miller had been a resident of Fresno for twenty years before moving from this city last year.

Legion to Introduce New Jazz Orchestra

A new and better jazz orchestra, said to be the best in the valley, has been obtained by the American Legion for its dances which are to be given Saturday evening at the civic auditorium. The orchestra is composed of the following: Arnold Iendrich, piano; Andrew Bell, violin; Phil Johnson, Ray Cowan, banjo; Al Kohl, trombone; Ray Patterson, Al Kohl, trumpet; Ray Patterson, cornet; and Tony Alastella, bass.

Police Seek Missing Relative of Woman

A communication from Mrs. A. J. Hogg of Merrill, British Columbia, was received by the police yesterday asking them to locate a relative of hers. The relative is unnamed, but is said to be a returned soldier, 46 years old and a lumberjack and logger by trade. The missing man is said to be residing in the vicinity. Anyone knowing of such a man is asked to communicate with the police department.

Slaven Funeral to Be Held Today

John A. Slaven, who died suddenly at Mendota, will be buried this morning in Calvary cemetery following services which will be held at St. John's Catholic Church starting at 10:30 o'clock. Regular high mass will be celebrated.

Robert Taube Missing Is Sought by Police

A search of Fresno and the surrounding vicinity is being instituted by the police for Robert Taube, who was a resident of Fresno for four years, and is said to be missing at present. The police are in receipt of a letter from a cousin, Mrs. Millie McKelvey of Havre, Montana, asking their aid in the search. Taube is thought to have been the owner of an employee of a restaurant in Fresno. The last heard of the man was when Mrs. McKelvey received a letter from him a year ago stating that he was about to undergo an operation. The police would appreciate any information concerning the whereabouts of the man.

Two Burglars Held For Superior Court

Louis Souse and Pedro Ortiz were held to answer to charges of burglary yesterday in Judge Briggs' court and were sent to jail under \$1,000 bonds. Ortiz now faces charges of burglary and highway robbery in the superior court. Souse is serving a life-term sentence at present for robbing the state prison bus. The pair are specifically charged with the theft of two trunks from a doctor's room at the Western hotel two weeks ago.

No More Frost Is Expected; Fair Now

No further frost is expected at present, according to the announcement of W. E. Brown, meteorologist here yesterday, following a comparatively heavy deposit of white frost on roofs and fences yesterday morning. No damage was done to fruit or other crops. The indications point to fair weather today and warmer.

Business Women to Elect Officers Here

The Fresno Business Women's club will elect officers at the business meeting this evening, following the usual club dinner at 6:30. Reservations for the dinner must be in before noon today.

Dr. Neil is to give an interesting report of the Astorian conference.

FIRE CAUSES \$15,000 DAMAGE

A residence at 3011 McKenzia avenue was badly damaged by fire yesterday morning shortly after 5 o'clock, when a stove became overheated. The entire roof of the building was destroyed, causing damage estimated at \$15,000.

ALASKA PLANES REACH MINEOLA

Nine-Thousand Mile
Round Trip Now
Completed

MINEOLA, N. Y., Oct. 20.—Four American army airplanes arrived today from New York, completing a nine thousand mile round trip. The planes, which began July 15, were piloted by Captain St. Clair Shovel, squadron commander, over the success of the aerial survey made by his "ships" that he announced tonight his intention of recommending to the War Department that the route be made by the army fliers from Mineola to Nome be made permanent.

With his seven companions on the long flight he will leave tomorrow for Washington, where an official reception has been arranged in their honor. Later they will submit detailed reports.

Captain Shovel declared that if his recommendations were followed, the use of airplanes in Alaska would be inaugurated in the near future. He said that Alaskan settlements desired such service, and that a movement was on foot to gain the co-operation of the Canadian government. The success of the expedition, he said, proved that regular service was practicable.

Account Trip Experiences.
The aviators told many interesting stories of their trip. At some landing places along the way game was plentiful and fresh meat was always available. The fliers saw herds of reindeer and often saw bear, moose, elk and other game. A school of white whales and many seals were sighted in the Bering Sea. From the air also they saw Indians take flight on approach of the planes. Captain Shovel said that the expedition failed to get as many pictures as desired because of poor visibility. It was necessary to fly high in bad weather, he said, to get a hitting mountain peaks. A good portion of the journey was made at 8,000 feet. Hundreds of miles of the territory covered had not been mapped out and the only information available was from trappers. Pictures which were obtained will be turned over to the geographic survey in Washington. The commander of the expedition and the other pilots said the performance of their machines was nothing short of "marvelous." A minimum of mechanical trouble was experienced, although landings were made in wild territory where the slightest mistake would have caused a wreck.

Italians Awarded U. S. Decorations

ROME, Oct. 20.—Admiral Thaon Di Revel, former naval chief of staff, and Admiral Stenico, minister of the navy, received today the American distinguished service medals from Robert Underwood Johnson, the American ambassador, at the annual luncheon from President Wilson. Four admirals and ten other naval officers received United States naval crosses.

Consolidation of Lines Consummated

NEW YORK, Oct. 20.—Consolidation of plans combining under one subsidiary company operation of its ships with those of the various subsidiaries was announced today in a statement by W. A. Harriman, president of the American Ship and Commerce Corporation. The United American Lines, Inc., formerly the Livorno, Lehigh and Company will be the subsidiary operating organization. In accordance with the plans announced, Mr. Harriman said, whereby the Kerr Steamship Company will deliver to the United American Lines 10 ships, the company has been operating for the Kerr Navigation Company. Slightly four per cent of the stock of the Kerr Navigation Company, now known as the American Ship and Commerce Corporation, is in common ownership by the American Ship and Commerce Corporation. The American Hawaiian Steamship Company and the Shawmut Steamship Company will be also operated by the United American Lines. Through all its subsidiaries, the American Ship and Commerce Corporation will operate 51 ships of about 465,000 deadweight tons, the statement said.

Portuguese Airship Is Lost in Flight

LISBON, Oct. 12.—A Portuguese airship attempting to fly from this city to Madeira has been lost, falling into the sea during a fog. The aviators in charge of it, Captain Fares and Lieutenant Hieres, are reported saved by the British steamer Gambla River.

The machines took 16 days on the trip west and 15 for the return, although the actual flying time was much less.

WOULD FINANCE FOREIGN TRADE

Bankers Approve Plan
to Organize Big
Corporation

WASHINGTON, Oct. 20.—Approval of a proposal to organize a \$100,000,000 corporation to finance the nation's foreign trade was given today by the American Bankers Association in convention here. President Hawes was authorized to call a meeting of bankers and business men to work out plans for the formation of such a corporation under the provisions of the recently enacted Edge law as proposed in the report of the association's committee on commerce and merchant marine, which presented today.

Proposal for organization of a \$100,000,000 corporation for foreign trade financing under the auspices of the American Bankers Association, was put before that body by its committee on commerce and merchant marine, cooperating with manufacturers, exporters and producers, the report said, and taking advantage of the Edge law, the committee would issue a billion dollars in debenture bonds for sale in the United States and the extension of credits abroad.

John McHugh, chairman of the committee, presented the report, which recommended steps to put the corporation into business operation by January 1, and solicitation of subscriptions to its capital stock from the public. Mr. McHugh said the economic future of the United States was "bound up in the future of our trade relations with other peoples."

Woman Is Slain in Hotel Room in S. F.

SAN FRANCISCO, Oct. 20.—The body of Mrs. Ruby Allen of San Francisco, 25 years old, with the hands tightly bound and a pillow stuffed into the mouth, was found in a hotel room here today. A man who accompanied her to the hotel is being sought. All marks of identity had been removed from the woman's clothing with the exception of a number of cleaner's marks on her elbow-length gloves.

Refuses to Give Extradition Papers

SAN DIEGO, Oct. 20.—Holding that because Lower California is a territory and not a state, and does not therefore come under the provisions of the treaty between the United States and Mexico, Governor Manuel Dominguez has refused to honor extradition papers issued by Governor W. D. Stephens for the return to this country of Isaac Cruz, charged with murder in a complaint issued by the San Diego district attorney. Dominguez holds that extradition proceedings should be brought before the federal government in Mexico City, and has promised to hold Cruz prisoner in Pismo for 72 hours while the American state department takes action. Cruz is charged with driving an automobile that on the night of September 20, last, ran down and killed S. C. Graves, an elderly man, at a street intersection in this city.

Jury in Slaying Case Not Secured

LINCOLN, Neb., Oct. 20.—The trial of Rufe Kite, charged with the murder of John Woody of Maple Hill, Neb., proceeded slowly in the Douglas county district court today with little prospect of a jury being selected before Friday. Twenty-five out of 75 summoned have been examined when court adjourned. E. K. Crowley, a civil engineer, who made a plan of the lines barn and grounds at Maple Hill where three skeletons were unearthed, was alleged to be that of Woody, was today summoned as a witness for the state.

POSTPONE LIQUOR CASES

SAN FRANCISCO, Oct. 20.—The hearing of the case of Harry Broad and Douglas Newton, alleged leaders in a widespread conspiracy to obtain and sell whisky illegally was postponed today until Saturday, as the government was not ready to proceed.

ARRANGE PLAN TO REPATRIATE

Great Britain Enters Into
Agreement With
Russia

MOSCOW, Oct. 20.—The Associated Press.—According to an agreement between the Russian soviet government and the British government, all British Nationals, including those in prison, will be immediately repatriated, beginning October 20. Those repatriated must sign a statement that they do so of their own volition. There are at present five Americans in prison in Moscow, numbers are detained for varied reasons and others were unable to leave in 1918. They now wish repatriation. The total number of American citizens in Russia is estimated at 3,000, including the families of Russians who are naturalized Americans, many of whom have been separated for six years or more from husbands or fathers without means of communication.

The soviet government is definitely repatriating the departures for America of old people, women wishing to join their husbands and those in bad health. The repatriation of prisoners and persons detained for political reasons, it is announced, could be effected in cases where the exchange was mutually profitable for the countries concerned. It is further announced that, under the American government's consent to treat a matter with Russia, there is no possibility of their release.

Will Study Railroad Conditions in Mexico

SAN ANTONIO, Texas, Oct. 20.—A party of Missouri, Kansas and Texas railroad officials, including George T. Atkins, freight traffic manager, and W. C. Clark, passenger traffic manager, with headquarters in Dallas, left San Antonio tonight for Mexico City, where they will make a study of economic conditions of the southern republic from a railroad standpoint.

Newspaperman Tells of His Whereabouts

PORTLAND, Ore., Oct. 20.—Darr Smith, newspaperman, for whom relatives had asked police to seek, fearing he had met foul play, has written a Portland lawyer of his whereabouts. It was announced here today.

College Student Is Sought in Slaying

PHILADELPHIA, Oct. 20.—A University of Pennsylvania student, who the authorities said could calculate them on a number of important facts in connection with the death of Elmer C. Drewes, Dartmouth College senior whose body was found here Sunday morning with a bullet through the head, was sought tonight. Detectives said tonight they felt confident he gave them valuable information, especially in regard to the movements to Drewes shortly prior to his death.

LEAVE FROM ERIE.

ERIE, Pa., Oct. 20.—The four army airplanes en route from Nome, Alaska, to Mineola, N. Y., stopped off here today. Captain S. C. Claff Street, commanding the squadron, said he expected to reach Mineola about noon. Engines and planes had been thoroughly overhauled during the stay here.

BOSTON TO ALTER HISTORIC SPOTS

Plan Taking Strip From Common for Traffic Accommodation

BOSTON, Oct. 20.—Boston is preparing to alter some of its most cherished historic features to meet the demands of modern conditions. Small strips are to be sliced from Boston Common, trading ground for troops in revolutionary days, and around the tower of the old South Meeting House, where the famous "tea party" was hatched, is contemplated. Traffic problems acute in this city of narrow, "cow lane" streets, in each case are responsible.

The parking of the Common on two sides of its square area has been sanctioned only after the overcoming of long-standing opposition by those who held that no consideration of modern development should disturb this Revolutionary landmark and present-day breathing space in the city's center. Several years ago the voters turned down a proposal to shrink the Common in order to swell the streets. But in the recent city election the voters, in all but two wards declared in favor of widening the streets from Common lands. The two wards which opposed the plan are in Charlestown, seat of another historic shrine, Bunker Hill Monument.

Under this plan, which is a compromise arranged between the street commissioners and the Boston Common Society, Tremont and Boylston streets, which bound the Common on two of its sides, will be widened to a minimum of 25 feet instead of 20 to 30 feet, as first proposed. This will be accomplished without sacrifice of greenward or trees, as the cuts will be made from the broad middle of the Common. The compromise plan cuts with it an agreement that no further incision of the Common would be made.

Boston Common was bought in 1631 by Governor Winthrop and others as a cow pasture and training ground, and was one of several such tracts of communal lands and planting grounds. Today it is the sole remnant of those ancient commons, other holdings having passed into private hands.

It was on Boston Common that Revolutionary soldiers drilled; from the Bunker Hill, in fact as well as in name, and now "made a land" the British started for Lexington on April 19, 1775. On the Common the British mustered their forces to attack Bunker Hill, and British artillerymen set their guns on Flagstaff Hill, during the siege of Boston. Colonial expeditions set out against Louisburg and Quebec from the old Common, and Massachusetts regiments assembled there prior to going to the front in the Civil war.

The proposal to cut into the Old South Meeting House, which was built in 1729, to obtain partial relief from traffic congestion on Washington street, is still under consideration. Mayor Peter D. Deane, approved the idea, but the Old South Association, guardians of the edifice, fell in with the plan under certain conditions, and the street commissioners reported in favor of the change. The conditions named: The association, however, including a demand for payment for the property, which is in the section of highest valuation, have delayed acceptance.

Under the plan, the main part of the church, which the revolutionaries worked out plans for the "tea party," and which was later used by the British as a riding school during the siege of Boston, would not be dis-

Automatic Fire Escape Approved By Department

An automatic fire escape was recently demonstrated at New York Fire Headquarters, when two men lowered themselves from an eight-story window on it. The escape is a rope with a wire running through it, and running through an automatic pulley. The rope travels through the pulley at the rate of about four yards a second. It has been tested to bear eleven hundred pounds.

SUBMARINES HOLD MANEUVERS ISLES

1110 of Island of Hawaii, T. H. Oct. 20.—Navy submarines, submarines and scout patrols recently held maneuvers in the waters off this island, and almost in the shadow of the great volcano of Kilauea.

Six submarines, all of the "U" class, took part in the past practice, accompanied by two seaplanes and several scout patrols, or navy tugs. All the craft came from their base at Pearl Harbor, Island of Oahu.

Malley Conviction Upheld, Appeal Court

SAN FRANCISCO, Oct. 19.—Conviction of James P. Malley, a former official of the Industrial Workers of the World, on a charge of violating the syndicalism act, was upheld by the state district court of appeal today. Malley was given an indeterminate sentence of from one to fourteen years in San Quentin penitentiary.

Malley was accused of distributing books and other matter which the court today characterized as "obscure in purpose and designed to incite unrest and industrial disturbances."

The lower, which juts out some twenty feet from the front of the edifice, would be extended to provide a passage for foot traffic, the street line would be extended to run flush with the tower front and the sidewalk moved back to lead directly to the grounds. An additional twenty feet of street at this point would ease considerably the rush of traffic in the bottle-mouth of Newspaper Row.

"TOO MANY HOLIDAYS IN EUROPE"—MOTT

Idleness Is Cause of Political Upheavals, Says Y Man

BUDAPEST, Oct. 18.—John R. Mott, general secretary of the International Y. M. C. A., in outlining the organization's plans for helping to reconstruct war-ravaged lands says "there are too many holidays in Europe."

Poland, according to Mr. Mott, has 30 holidays a year, besides Sundays, and Rumania has probably twice that number. "This means idleness leading to political upheavals," declared the American.

In giving the first details of the Y. M. C. A. and World's Student Christian Federation's proposed new efforts to help broken-down Europe, Mr. Mott said: "It isn't by giving bread but work that reconstruction will be possible. One of the tasks on which I am now engaged is to devise the wisest way to help the 2,000,000 university students of Europe from the decadence into which they were plunged by the war. Otherwise education will be lost through the poverty of professors, and also through lack of students."

"The lessons of my talks in Poland, Czechoslovakia and Hungary have been self-help. The students must learn to work this way through colleges as is the case in the United States. From this Y. M. C. A. point of view we are establishing model branches as we hope to show the new nations their way back to work and to self-help."

It is not by saying "Thou shalt not" that the world can be bettered, it is by showing the way. The Y. M. C. A. will help men to spend their idleness profitably. It will adapt itself to those nations and give them something permanent. There will be no model Y. M. C. A.'s for universities, for railways, for industrial centers, and also in the country for the peasants. It is easier to get money than to spend wisely, so we will go slowly on that score. We are getting ready to enter Russia, too. Americans are profoundly anxious to help there.

"I have been in Europe among prisoners, otherwise than during the war and for thirty years have been working in foreign countries. I believe the Russian question, owing to the de-

Diplomat Arrested By Policewoman For Taking Nip

Mrs. Nina C. Van Winkle, head of the Women's Bureau of the Washington Police department, who created a sensation in the capital by arresting Robert S. Hitt, former United States Minister to Guatemala, and Panama, in the dining room of the Hotel Willard, for taking a nip of "something" from a silver flask, Hitt was released on \$25 cash bail, which was forfeited when he failed to appear in court.

side of the people there to end their troubles, will be settled if foreign countries can unite for six months on the same policy."

ATHENS, Oct. 18.—The latest bulletin concerning the condition of King Alexander says that it is most grave. In addition to his other ailments, resulting from the bite of a net monkey, congestion of the lungs has developed.

COUNCIL MEATS

Better Meats That Cost Less
No Waste · Always Tender
Ready-Cooked To Perfection

One-fourth saved out of every dollar
Three-fourths saved in time and work

COUNCIL MEATS for any of your meals mean much to you for they save time over a hot stove—save work in getting the meal ready for the table—and save 25c out of each dollar spent for meat.

Don't think meats are high, for they aren't if you will follow the example of thousands of American housewives and eat more and better meats—at less cost. Use Council Meats.

Council Meats in cans are ready cooked to perfection. Each pound of meat is meat without fat, bone or waste or scraps of any kind—every bit tender and tasty and every bit edible.

You can get breakfast or dinner or lunch in a few minutes with Council Meats and you can save one-fourth of the money you now pay for meat.

FRANCE HONORS AMERICAN WOMEN

Include Seven Heads of Devastation Committee

NEW YORK, Oct. 20.—France again has honored more than a score of American women, including seven directors of the American Committee for Devastated France, for their work abroad.

Among the recipients of decorations are Mrs. Anne Morgan and Mrs. Anne Pike, directors of New York, upon whom have been bestowed the cross of the Legion of Honour. It is their fourth decoration. Mrs. Elizabeth Sealbrough of Hartford, Conn., Mrs. Lewis H. Stowell of Lakewood, N. J., Mrs. Elizabeth Perkins and Miss Gabrielle Gourd of New York and Mrs. Robert Lovett, Boston, Mass., others directors have received the Medaille de Reconnaissance.

In 1917, the French department of Agriculture and the Academie of Agriculture awarded the seven women medals in recognition of their successful efforts in raising grain and wheat on the devastated fields in the Aisne, thus helping the people to become self-supporting. In 1918, they were decorated with seven others of their kind with the Croix de Guerre for services rendered during the war, and in 1919 they were remembered officially again.

Miss Barbara Allen of New York, Miss Rose Dolan of Philadelphia, Mrs. Marie Loh and Miss Virginia Latrobe of Baltimore, and Mrs. Arthur Taylor of Charlottesville, Va., have also been decorated with the gold medal, while the silver medal has been given to Mrs. Stone and Mrs. and Miss Atcherson of Columbus, Ohio, the Misses Gould, Jessie Carson and Gertrude Follen of New York, Mrs. Lovett of Boston, Mrs. Mary M. Needham, of Michigan, the Misses Margaret Stevenson of New York, Mrs. Susan Watson Stockley of West Virginia. The bronze medal has been awarded Betty Bradley of Ann Arbor, Mich., Miss Isabelle Denning, Philadelphia, Miss Lucy Hewitt, New York, Miss Elsie Wiley, Virginia and Miss Mary Turner, Minneapolis.

Since members of overseas workers were also given the Croix de Guerre for bravery in continuing their work under fire.

Altogether forty-four workers of the American Committee, including the Medical Staff of the American Women's Hospital, have received citations from the French government.

NEW YORK, Oct. 19.—Immediate action to stop the alleged circulation of communist party propaganda in the public schools of New York City was urged today by the American Defense Society in a letter to Attorney S. Pratt, president of the board of education. The society said it had learned school children were being used to distribute handbills inciting "the workers of America" to destroy war against the capitalist states.

Event on Legion Card Tuesday

JOHNNY CLINE

of Fresno considered one of the fastest lightweights on the Pacific Coast will meet Gene Cline for the lightweight championship of the San Joaquin valley. Johnny is said by many as the best boy Fresno has ever turned out. A hard battle is expected when he meets Gene next Tuesday night.

BANKERS REPORT ON GOLD TAX PROPOSAL

Hold Withdrawal Last Year Not Called For By Emergency

WASHINGTON, Oct. 20.—The Federal bill proposing a tax on gold used in industry and the arts to be paid in turn to the mining companies was opposed in a report submitted today to the American Bankers Association by a special committee, of which George M. Reynolds, of Chicago, is chairman.

The committee held that the withdrawal for industrial purposes last year of \$2,000,000 of gold from the country's monetary stock was not a national emergency calling for special treatment of the gold mining industry so as to stimulate the gold output.

"Diminished gold production in periods of high prices and high costs tends to reduce price and costs again," said the report, which declared that the effect of a premium on gold would tend to the world to assume that the United States was in danger of going on a paper money basis and that its dollar was not as good as gold.

With the price of gold fixed, the committee contended that many companies had found operations unprofitable because of present high costs, but it said that fixed price in periods of adversity, depression and falling prices brings to the gold miner, as to no one else, increased profits.

"Credit depletion, the committee held, will cure the present situation of the gold miner."

"The best banking opinion of the country," continued the report, "looks forward to a progressive and far-reaching contraction of our credit fabric and regards it as the only alternative to such a disastrous disruption of the credit system as Japan has recently seen."

"The proper course to take is not by artificial methods to seek to expand the gold basis of our credit system, but rather to contract the superstructure of credit to a point where it can be safely maintained under conditions of a normal distribution of the world's gold supply."

LONDON, Oct. 19.—An appeal for re-establishment of the "friendly intercourse" which existed before the war, has been addressed to professors of the arts and sciences and members of universities and learned societies in Germany and Austria by a large number of professors and doctors of Oxford University. Commenting emphatically on the communication, the Times says: "The great majority of Oxford men will share our regret at this singularly ill-advised and inopportune appeal."

LONDON, Oct. 19.—A Moscow wireless dispatch asserts that since the armistice between the Poles and Soviet was signed, the Poles have occupied Munich. The dispatch says the Poles should retire from this city in accordance with the treaty.

Either at home or at the opera you hear the greatest artists

When you hear the greatest artists in your own home on the Victrola, you experience the same thrill of delight that comes when attending their actual performances. You hear the same famous artists just as they are—just as they want you to hear them—when you play their Victor Records on the Victrola. The records made for the instrument. The instrument made for the records.

Turn your old Carpets Rugs Clothing & Rags into

ART FLUFF RUGS

Let Us Weave You a Rug From Your Materials

As Aladdin of old exchanged old lamps for new, so we make it possible for you to turn your old, waste materials into a nice, new rug, that will last you a lifetime and always remain fresh and as handsome as the day you put it on your floor. Then, too, the cost is about one-fourth what you would pay for a Wilton Rug.

The patterns and colorings are most handsome and you may make your choice to suit the style of your rooms.

Surely You Have the Material

No doubt have old carpets, clothing, or rags of any description, do not sell them or give them away, but just bundle them up and send them to us by express, or freight, if the quantity is large, then write us what size and color-rugs you want.

If you are located within a radius of fifteen miles of Fresno, all you have to do is phone us and we will have our wagon call for your materials, without extra charge.

Our little booklet gives full particulars and is interesting to read. Send for it now, whether you are just ready to have a rug made or not. It is sent absolutely FREE.

Distinctive Rugs at a Low Cost

You will be surprised at the beautiful color effects made possible by our master weavers through long experimental work. Exclusive tonal blendings; rich colorings and exclusive patterns of new design. Art Fluff Rugs lend grace and comfort to any home, give long wear, satisfaction and the cost is extremely moderate.

We Clean Rugs

Don't Trust Your Valuable Rugs and Carpets to An Inexperienced Cleaner

Actually making floor coverings for over fifteen years we were obliged to learn and originate the very best methods of cleaning carpets for use on our own material. You can have your carpets and rugs cleaned by the same system we use on our own work. It is as far in advance of ordinary carpet cleaning as the modern ocean liner exceeds the row-boat. Write or phone for prices.

REPORT TEACHER PAY INADEQUATE

Survey Made of 359 Cities By Probe Committee

NEW YORK, Oct. 20.—The salaries, training and experience of public school teachers in the United States are declared to be "inadequate" by the National Committee for Chamber of Commerce cooperation with the public schools. Despite recent salary increases, the committee asserts that the crisis has not been averted.

These conclusions are drawn in a summary of a survey of the schools of 359 cities conducted by the committee, which is composed of 35 members of chambers of commerce and 35 superintendents of schools. "The thoughtful citizen needs to ask himself," declared Dr. George W. Strayer, of Columbia University, chairman of the committee, "in the light of the returns presented by our inquiry, questions like the following: Can teachers in our community have a comfortable place to live, good food and decent clothes for the amount of money which we pay them? Are the teachers who work in our schools able, on the salary paid to them, to make provision against the liabilities of old age? Do the salaries of teachers in our cities have sufficient to enable them to buy books, to subscribe to magazines, to enjoy music, to travel, to continue their professional study and thus to lead the type of life which makes them the kind of men and women that can be most helpful to our boys and girls? Would I want my son and daughter to go into teaching in the community in which I live? In the light of the findings of this survey, the replies to these questions in view of the findings must all be in the negative," says Dr. Strayer.

In 1913-14 one-half of the men elementary teachers in cities with a population of from \$100 to \$1,000, the report shows, received less than \$348. In 1915-16, one-half of the same group were receiving less than \$1,283, an advance of \$116 or 35 per cent. Meanwhile, it was stated, the cost of living had advanced 100 per cent. American cities paid high school principals an average of \$3,500 last year, while elementary school principals received an average salary of \$1,830. "Many of the salaries paid in these positions requiring the management of complex organizations and skillful leadership," the report points out, "are not enough to secure a competent secretary, let alone to be considered adequate pay for the principal." A summary of the survey issued by the committee says: "The survey also discloses that the salaries of teachers are much higher on the average than those of teachers. These low salaries have resulted in a serious shortage throughout the country. The demand for teachers is so great that students leave normal schools when their courses have been but half completed. An alarmingly large proportion of the teachers as a result are emergency teachers lacking in proper training for their work." Reports from the cities of this survey show that 50 per cent of the teachers in the elementary schools of American cities have less than six and one-half years of training beyond the eighth grade; that 50 per cent of the junior high school teachers have had less than seven years training beyond high school; and that 50 per cent of the senior high school teachers have had less than eight and one-half years. "Chambers of Commerce in every state have secured the leadership in conducting local campaigns to bring the seriousness of the situation to public attention and organize community forces for improving conditions."

AMERICAN CREED TAKEN FROM BIBLE

VICKSBURG, Miss., Oct. 19.—A newspaper man, Charles W. Miller, city editor of the Herald here, has compiled "An American Creed," consisting of passages from the Old and New Testaments. The selection was prepared and arranged in such manner as to preserve the continuity of the creed, and to the end, are said by Mr. Miller to contain "the wholesome truths handed down from the prophets, the Saviors and the apostles." There are seven quotations from the Old Testament and twenty-one from the New Testament, making a total of more than 800 words in the creed. It begins with the words of Timothy, "Godliness with contentment is great gain: for we brought nothing into this world, and it is certain we can carry nothing out." The second paragraph is introduced by a passage from Malachi, "Have we not all one Father? Hath not one God created us? Why do we deal treacherously every man against his brother by profaning the covenant of our Father?" The creed closes with these words from Timothy, "Now unto the living Father, immortal, invisible, the only true God, be honor and glory."

W. F. Bond, state superintendent of education in Mississippi, writing to the compiler, said: "I am glad to see the creed, and we should like very much to have a copy in the hands of every school child in the state." Mr. Miller, who has been a newspaper man more than thirty years, said: "In this age of godless selfishness, the tendency of the times is running steadily and rapidly into a state of unrestrained license, regardless of a high standard of life. Something is needed to assist in turning the attention of our people to their duty to God and their neighbors. The Holy Bible will give the correct answer to every conceivable question that can be framed by man. It is the rule and guide for humanity."

9,670 Students at State University

Nine thousand six hundred and seventy students are in attendance at the University of California at Berkeley, according to the statistical summary of the officers and students directory released today from the University Press.

Last year for the corresponding semester the figures for graduate students were 825, and for undergraduate students 7,845, making a total of 8,670 students. This means that the growth for the year is over 12 per cent.

PLAN EMIGRATION OF BRITISH WOMEN

Females Exceed Male Population by 1,250,000

NEW YORK.—The Salvation Army in the British Isles, working in cooperation with the government in promoting emigration of the approximately 1,250,000 women in excess of the male population there, is planning to send a large number of women to the United States, according to a statement issued here. "We offer no apology for active propaganda designed to procure a better distribution of the sexes. There are in Britain and a quarter more women than men in the British Isles today, and one of the biggest after the war tasks assigned the Salvation Army in Britain is to find a way to get rid of the surplus. It is not to be sent to the colonies in the British Empire, such as Western Canada and portions of Africa and Australia, where there are more men than women. It is to be sent to the United States, where there is a shortage of women." The Salvation Army has dispatched several shiploads of emigrants to Canada already. "We help them make arrangements to leave the old country, provide transportation, when necessary, and through our world-wide organization see that our emigrants are safely settled in the new land."

"Our records show that of the girls who emigrated some years ago to certain sections where women were in the minority 50 per cent were married within three years of their arrival. This fact and the opportunities for work at good wages in other lands are not without significance to the tens of thousands of thoughtful and enterprising women in the British Isles."

Other after-the-war conditions in the British Isles included the virtual disappearance of the vagrant, and the shortage of agricultural labor due in part to the wartime cultivation of more than 2,000,000 acres of grass land. Commissioner Lamb said: "The success or failure of 'local option' in Scotland will furnish a 'good indication' of the prospects for prohibition in the Isles, he said, adding that the 'probabilities are that the public houses will go in many parts of Scotland.'"

"In Great Britain as a whole, however, the tendency is toward a restriction on the sale of liquor in public houses—corresponding to the American saloons—and continuation of limitation on hours. This makes for temperance rather than prohibition. However much they may scoff English brewers are taking the prohibition threat much more seriously than they are willing to admit, and are spending large sums in counter-propaganda. They are obviously worried."

"Everybody is waiting to analyze the results of national-wide prohibition in the United States."

SWEDISH FIRM PLANS BRAZIL PAPER PLANT
RIO DE JANEIRO, Oct. 19.—Renowned Swedish paper manufacturer, Svenska Papperfabriken, is planning to establish a large paper manufacturing plant in the state of Parana. Among other advantages of the government is that of free entry of necessary machinery.

According to the company's representatives there is an abundance of necessary material for paper manufacture in Parana and other states. Local publishers, who have for some months been occupied with problems growing out of the scarcity and high price of imported printing papers, are unanimously in favor of the manufacturing project. In the meantime they are meeting frequently to discuss measures of economy at which reduction in the size of newspapers, increased advertising and subscription rates were under consideration.

HAGUE JURISTS ARE IMPRESSIVE BODY

Records of Distinguished Body Show High Merit

THE HAGUE, Oct. 20.—The twelve distinguished international jurists, among them Elihu Root of the United States, invited by the executive council of the League of Nations to plan the organization of the new permanent court of international justice, constitute an impressive array of the world's most competent authorities on questions of international legislation.

Baron Descamps, Belgian minister of state, professor of international law at Louvain university, member of the permanent court of arbitration of The Hague, and secretary general, formerly president of the Institute of international law and writer on international questions.

M. Drago, formerly foreign minister of the Argentine republic. While holding that office he sent to the Argentine minister in Washington instructions known as the Drago Doctrine (1902). He was formerly judge in Argentina, one of the arbitrators nominated by agreement between Great Britain and the United States in the North Atlantic fisheries arbitration, The Hague (1910); one of the Argentine delegates to the second peace conference at The Hague; and member of the permanent court of arbitration at The Hague.

Professor Fadda, professor of Roman law at Naples university.

M. Fromageot, legal advisor to the French foreign minister; member of the permanent court of arbitration at The Hague, and delegate to the second Hague peace conference.

M. Gram, formerly a judge on the mixed tribunals in Egypt; former member of the supreme court of Aden; minister of state at Stockholm before the severance of the union between Norway and Sweden; member of the permanent court of arbitration at The Hague, and member of the Institute of international law.

Declar Leder, member of the court of arbitration of the Netherlands.

Lord Phillimore, English privy councillor; a lord justice of appeal (1915-1917); president of the International Law Association (1905-1910); author of publications on ecclesiastical and international law and "Three Centuries of Treaties of Peace and Their Teaching."

M. Visentin, ambassador extraordinary and minister plenipotentiary of the kingdom of the Serbs, Croats and Slovenes at Paris.

Saints Akidaki, formerly Japanese ambassador to Vienna, and one of the legal advisers of Japanese peace delegation at Paris.

Rafael Altamira, professor of law in Madrid university; member of the League of Nations arbitration at The Hague; senior counsel for the United States in the North Atlantic fisheries arbitration at The Hague (1910); member of the Alaska

boundary tribunal and head of special United States commission to Russia, 1913.

Advisable to Probe Freight Reductions

RIVERSIDE, Cal., Oct. 19.—Governor William D. Stephens, speaking here today at the Southern California Fair, said "it would be advisable for the administration to be looking after reductions of freight rates on products between the Atlantic and Pacific oceans, rather than the breaking up of certain non-profit-making associations of growers and marketers in California."

Samuel M. Shortridge, candidate for governor, delivered a non-partisan address.

OVERRULE HUSBAND'S PLEA; WIFE ON JURY

LOS ANGELES, Oct. 19.—A wife should not be excused from jury duty because her husband objects to her serving, Judge Monroe of the superior court ruled today.

Frank S. Hutton, a lawyer, made formal objection of Mrs. Hutton acting as a juror. He said it was a matter of public policy that a wife should stay at home if her husband desires, that he had forbidden Mrs. Hutton to act, and that he asked the court to excuse her.

In this day and age of the world, said the court, "I do not think a woman should be excused from service just because her husband objects. She has not entered a formal objection or motion, therefore I overrule your motion and order her name placed on the roll of jurors."

AMERICAN SHIP IS REPORTED ON FIRE

LONDON, Oct. 19.—Lloyd's reports that the Land's End wireless station has received a dispatch from the American tank steamer Sapulpa saying that the American steamer Burnside is on fire and has been abandoned in latitude 44.22 north and longitude 4.82 west. The crew of the Burnside is on board the tug Goliath.

The Burnside, a steamer of 1485 tons net, was last reported on having sailed from Philadelphia September 1 for Boston, France, and Salupia left Baltimore October 1 for Brazil.

THREE-YEAR THRIFT CAMPAIGN PLANNED

Bankers Propose to Ask People of Nation to Save Money

WASHINGTON, Oct. 20.—A three-year thrift campaign to reach every family in the country that has no bank account was proposed today by the American Bankers' Association today by its committee on public and private thrift. As part of the campaign, government officials would be called upon to practice utmost economy so as to reduce the expenditures of the federal government.

"The recent crisis of extravagance," declared the committee's report, "indicated very clearly the need for more popular realization of the need for saving when and as the opportunity presents itself. The time is at hand when thrift and saving will be regarded as not only possibilities, but actual necessities."

Small savers are to be the chief source in financing the natural growth of commerce and industry, the report said, adding that present tax policies offer a serious check to increased investment by holders of large wealth.

"Not only must the lesson be taught to the individual citizen, and especially to the wage-earner who has not yet found a place to begin," said the report, "but our government officials must also be impressed with a similar idea because of their example to the citizens and also because of the demands upon the people's savings for purposes which too often are neither wise nor economically handled."

The tax burden upon industry and commerce and upon the billions of savings which would otherwise be used to finance new industry and new commerce is beyond all reason and in excess of public need."

CITIZENSHIP RIGHTS GRANTED TO HINDU

PORTLAND, Ore., Oct. 19.—Bages Singh, a native of Punjab, India, who entered the United States at Seattle in 1912, is entitled to citizenship rights in this country, according to a decision by Federal Judge C. E. Wolverton. Although the Hindu exclusion act is in effect, Singh entered this country lawfully previous to its passage. In consideration of the fact that he served during the world war and has been discharged as an acting sergeant with "excellent" recommendation, and declared to be industrious and law-abiding by his employers, Judge Wolverton found he was entitled to naturalization.

Saints Akidaki, formerly Japanese ambassador to Vienna, and one of the legal advisers of Japanese peace delegation at Paris.

Japanese As a Farmer

How the Japanese tillers of the soil live and work, and what their business relations and conduct are with Americans, may be of interest to many uninformed who have been hearing a great deal of late against the Japanese, said and written by anti-Asiatic propagandists for a purpose. Japanese farmers in California did not bring with them a determination to carry on Japanese living conditions and Japanese business methods. They are living and working as Americans do, and are dealing with American business and financial interests.

It has been said that Japanese employ Japanese exclusively. This is not so. It may be surprising to many that Japanese employers are forced to pay more for Japanese help than for help of other nationalities. For that reason, if for none other, they employ large numbers of other help which costs them less. The difference is principally due to the fact the Japanese are particularly efficient in certain kinds of farm work, and where this skill is not required, Japanese employ all other nationalities. Where laborers of all nationalities are employed, they mingle in a spirit of friendliness and co-operation.

It is also true that Japanese farmers deal with American banks and American business men in their respective localities, and they are honest and trustworthy in their dealings. This has been repeatedly testified to by Americans. Statements that Japanese are financed exclusively by Japanese capital and institutions, are not true.

Critics have declared that Japanese wives aid their husbands in all kinds of farm work, to the exclusion of other laborers. This is true only to the extent that the wives do aid in lighter kinds of work, the same as wives of struggling farmers of other nationalities do. It must be understood that most of the Japanese farming men are still passing through the pioneer stage and passing through the hardships attendant upon the early foundation of a successful venture. The assistance given by the wives is only an aspect of this stage of pioneering.

That they will emerge from their present state of living is undoubted, for they are now devoid of many of the amenities of life and are living under conditions that are distasteful to them, but are endured as a means of reaching a higher strata of home and social life.

RED CROSS AIDS 30,000 IN YEAR

\$900,000 Spent in Relief
Work in Wake of
Disasters

WASHINGTON, Oct. 20.—Thirty thousand sufferers from twenty-three disasters which occurred in the United States during the last year received aid from the Red Cross, the cost of the work amounting to \$900,000. In reaching 161 communities affected by the disasters, the Red Cross called into service virtually every phase of its activities.

Preparedness for disaster alleviated distress and prevented untold suffering, said a statement issued recently from the national headquarters and based on the forthcoming report of the organization for the year ending last June 30.

The disasters included thirteen tornadoes and cyclones, two hurricanes, two earthquakes, one hail storm, one landslide, two earthquakes, fifteen fires, one explosion, nine floods, ten shipwrecks, one train wreck, four riots, one motor accident and two droughts. The toll of these disasters was 347 people killed, 1,500 injured, 12,000 homeless and property worth \$25,000,000 destroyed.

One hundred and forty chapters of the Red Cross were called upon to assist the national organization in accomplishing the relief work, in which thirty temporary hospitals were set up, more than a score of motor corps were organized and seven relief trains were sent into the devastated regions.

"In record of last year," said the statement, "emphasized the need of abundant preparedness along the line of disaster relief and has resulted in the organization of disaster preparedness committees in about four hundred chapters and the setting aside of a special emergency fund by the national organization of \$5,000,000 in addition to the regular annual appropriation for this purpose made in its budget."

A new activity undertaken during the year by the Red Cross was the organization of its Foreign Language Information Service, a work that was started by the relief work, in which thirty temporary hospitals were set up, more than a score of motor corps were organized and seven relief trains were sent into the devastated regions.

The statement also showed that more than 4,000,000 school children, who were enrolled in the Junior Red Cross, contributed \$25,000 and made possible a chain of school canteens across Belgium, established recreation grounds and open-air theaters in France, aided the children of the Belgians with clothing and food, and thousands of toys and scrapbooks were sent abroad to brighten the lives of other children of Europe who had almost forgotten how to play.

THERMOMETER OF NEW TYPE
A thermometer is not often used in the well-appointed parlor, library or office, one American manufacturer is convinced, because the ordinary instrument is both unsightly and hard to read. According to the company is now introducing an interesting and attractive thermometer of its own design, says Popular Mechanics Magazine in an illustrated article for November. The various models are finished in silver, gold, old ivory, old brass, colonial brown and art metal; but all are unobtrusively the same.

MANHATTAN TO GET DISAPPEARING BEDS

NEW YORK, Oct. 20.—Residents of Manhattan Island, in their eternal fight for space, have pecked up their cars at the announcement by a New York realty syndicate that it will build a 1,100,000 apartment house, whose distinguishing feature will be "disappearing beds." Officials of the syndicate are silent as to what form the "disappearing beds" will take during the day time. They dismiss the matter by saying that "disappearing beds" and many other labor-saving devices will be installed.

Architects, however, have given their opinion on the proposed innovation. The beauty of "disappearing beds," the architects say, is that the bed cannot disappear while the occupant is lying in it on his back, with his knees up and his mouth open. This is the reason why the old-fashioned folding bed, or the one that folds up into a trunk, is so unpopular. The architects made this statement to quiet the fears of many New York residents who had inquired as to whether the "disappearing beds" were simply to the old-fashioned folding bed, or contained any of the latter's cranks and uncertain tendencies.

The architects say that a "disappearing bed" is a bed at night and an oil painting of a Gordon pouter or something like that in the daytime, that it can be slipped under the bath room floor or tucked away in an Oriental rug placed over it, so that the toilet-tube crooks may be used. The apartment house of the "disappearing beds," the syndicate announced, is to be built on West End avenue, Manhattan.

FEW CHILDREN BORN IN RUSSIA

CONSTANTINOPLE, Sept. 20.—(By Mail.)—A. Kuhn, a Russian business man who has just arrived here after a five months' trip to Moscow, told the correspondent of the Associated Press that the birth rate in the Russian cities had decreased almost to a point where no more children were born, while the death rate was constantly increasing. The metal industries are the only ones bucking, he said. Speaking of the high prices for food and clothing, he added:

"Women in the cities are wearing nondescript dresses made of patched cloth and scraps of lace, scarfs, etc. I cannot see how anyone can live through another winter except the peasants."

"The fact that in Moscow there are many passports of all nations makes it possible to send Bolshevik propaganda all over the world."

Mr. Kuhn returned to Constantinople via Tiflis and Baku. He said it would be virtually impossible for Bolsheviks to penetrate India through Persia, because of the lack of desert and unfriendly Muslim tribesmen. He said there were 100,000 German prisoners along the railway from Orenburg to Tashkent, most of whom did not know who won the war.

"In Tashkent, the British and American prisoners were made to clean the streets and they were compelled to live in filth," said Mr. Kuhn.

"I came through Tiflis and was able to observe that the Georgians are subjected to a tyrannical rule imposed by a delegation from Moscow against which they are not protected."

RUSSIA TRADE IN BAD SHAPE

Business Man Reports
Country Needs Raw
Material

LONDON, Oct. 20.—Business men outside Russia are prone to be over-optimistic regarding immediate trade prospects in that country, according to a statement made to the Associated Press correspondent who recently crossed Russia, but the only foreign business man who was then in Siberia for the purpose of developing trade relations with the Bolsheviks.

This man, Henrik Tornborn, a Swede who represented American and Swedish concerns in Omsk, Siberia, for eight years previous to the Russian revolution, returned to Soviet Russia during the past summer. His plan was to arrange for the exchange of Swedish farm machinery for vast supplies of wool, flax and furs which the Bolsheviks stated had been gathered for shipment at Omsk, arriving in Omsk by rail.

Ten thousand tons of raw material, mainly wool and hides, available for export from all Siberia, was Mr. Tornborn's estimate after his investigation at Omsk.

"Raw materials must be the basis of foreign trade in Russia and Siberia," said Mr. Tornborn to the Associated Press correspondent, "but the situation and conditions through Europe and America of the vast supplies of raw material stored along the Trans-Siberian railway are ready to be shipped to foreign countries in return for manufactured goods are mythical."

"War, revolution and the resulting chaos of the last three years has resulted in nearly all the products of the military being put to use by the military leaders who have overrun the country from time to time."

"Potentially, of course, Siberia remains one of the world's great sources for raw materials. For minerals, for wool, flax, hides and valuable furs, the country to the east of the Ural cannot be surpassed, but there is little to export at the present time."

"After normal conditions are restored in Russia and Siberia, foreign experts will need to spend much time and money reconstructing and developing commercial enterprises before Siberia's pre-war export figures again can be realized. Practically all of the great enterprises conducted by foreigners in Siberia before the revolution, mines, dairy exports and farm machinery concerns, practically have been destroyed. The work of rebuilding them will be a matter of years."

Because of the difficulties of rail-

TO USE MACHINE GUNS AGAINST POISON DART

English Explorers Are to
Fight Cannibals With
Modern Weapons

NEW YORK, Oct. 20.—Mastered gas and machine guns are to be used by Captain Harry de Windt, an English explorer, against the poisoned arrows of a tribe described as "white cannibals" on Tibouron Island, on the Pacific coast, he announced here today. Captain de Windt said he would leave New York in a few days to lead an expedition of six civilians and three secret police men to the island. Tibouron is said to have rich deposits of pitchblende, from which radium is made.

The island is about forty miles from Guaymas, Mexico, which, in 1920, is only about forty-eight hours by rail from Coronado Beach, Calif. The inhabitants are said to be descendants from Dutch, Swedish and German prisoners who escaped from Mexican prisons several centuries ago. Of sixteen persons who have visited the island in the past few years, in parties of two and three, only nine are said to have returned alive, the others falling victims to the flaxen-haired blue-eyed "white cannibals," as the Mexicans point out.

"Four miles from the Mexican coast," said Mr. de Windt, "Tibouron is easily accessible. Miguel Indurain, who lives on the mainland, called Tibouron the 'Island of Death,' for the reason that any person who lands on it is shot by poisoned darts and then eaten by the natives. The cannibals, in addition to lions and tigers, use an ancient blunderbuss. They are supposed to number from 500 to 2,000 persons."

"Besides myself, the expedition I will lead will consist of Mackenzie Fitzgibbon, the companion of Harry Hawker, who fell during his attempted transatlantic flight, an expert radium mining engineer, Anton Gibson, nephew of President Carranza of Mexico, in whose name the expedition is being organized, a man servant and six Mexican soldiers, assigned to the party by the Mexican government. I imagine the searchings of the island will consume about three or four months."

Way transport in Russia, it was decided that the exchange of goods, principally wool, flax and furs, for Swedish farm machinery, is to be undertaken by the water route from central Siberia. Raw materials gathered at Omsk have been loaded on river barges and shipped down the Volga and the Obi to the Kara Sea, where the goods will be transferred to ocean-going steamers, and taken to Sweden by way of the Arctic Ocean.

WASHINGTON, Oct. 18.—Conviction in Arizona of Harry and Clara Wilson on charges of violating the Reid law dry amendment by transporting intoxicating liquor by automobile will stand as a result of the refusal today of the supreme court to review their case.

ASTOR LIBRARY TO BE IMMIGRANT SCHOOL

NEW YORK.—The Astor Library on Lafayette street, one of the show-places of the city a quarter of a century ago, is to be converted into a school for immigrants. The Hebrew Sheltering and Immigrant Aid Society recently purchased the property for \$225,000 and is to spend another \$100,000 in alterations. This building recently has been used as a storehouse for the disposal of surplus army food.

Plans for establishing a thorough system of education for immigrants and for rendering aid to them immediately upon their arrival are now being made by the society. The upper floors will be used as dormitories for immigrants pending their admission to a school for citizenship, where immigrants may be taught the fundamentals of American history and government and receive information as to how and where they can apply for citizenship.

"There is a pleasing sentiment about making an immigrant school of the Astor building," John L. Henshaw, president of the society, declared today. "John Jacob Astor," the founder of the library, was himself an immigrant and in his gift of the library to the public he stated that he particularly wanted it to perpetuate his gratitude for what his adoptive country had done for him. His expressed the hope that the Astor library would render aid to all newcomers to the country. It seems like a prophecy that his building should become a school exclusively for immigrants."

DISCOVER HOT CAVE, HORSE BUTTE, OREGON

BEND, Ore., Oct. 20.—Discovery at Horse Butte, nine miles southeast of Bend, of a naturally heated cave apparently drawing its warmth from a subterranean source, was reported today by C. A. Yarnell and H. D. Eide of Bend. Investigation verified the report. The cave, located near the top of the butte, first attracted attention when a wave of heat was felt coming from smoldering grass and weeds near the opening.

The cave lies on a horizontal plane for about 25 feet, then dips downward. The opening is large enough to admit the body of a grown man.

Another opening, in which the temperature is well above normal, although not uncomfortably hot, was found at a slightly greater elevation.

SAN FRANCISCO, Oct. 18.—"Skin stops" and other curtailment of electrical energy by the transmission of electric power was reported today by the state power administration as a result of recent rains. Restrictions on other industries had been abolished previously.

LOUISVILLE MOVES TO CUT HIGH COSTS

Club Women Start Fight
On Reckless
Buying

LOUISVILLE, Oct. 20.—Leaders of churches, and women's clubs and social workers here are engaged in a city-wide drive to induce residents of Louisville to join in a campaign to cut down the cost of living by curtailing reckless buying at high prices. Thousands have already joined and it is hoped eventually to enlist 200,000 persons.

The movement was inaugurated by Louisville club women. It was endorsed and given impetus by the Presbyterian Minister's Circle, the Crescent Hill Forward Club and the Conference of Social Workers. Churches have approved it and United Trades and Labor Assembly and the Building Trades Council have been asked to join in a permanent organization.

It is proposed to organize a Cheaper Living Committee to be composed of representatives of many civic organizations.

Mayor George W. Smith has given the movement a semi-official endorsement by announcing his adherence and Mrs. Smith has promised that her household will be conducted so near as possible along the lines of economy suggested by the promoters of the idea.

The drive against reckless buying is headed by the Rev. Dr. Charles W. Welch, president of the Louisville Ministerial Association, who is aided by a committee including in its membership a Roman Catholic priest and a Jewish rabbi as well as representatives of women's clubs.

"Buy no new clothes, shoes or other wearing apparel," is the first plank in the economy platform. "Wear what you have, no matter how shabby or out of style," it continues and adds: "Reduce the consumption of meat in each household; abstain from candy, soft drinks and other confections; deposit money in the bank and keep a record of money saved through practicing economy."

"If the people of Louisville will take this movement seriously," said the Rev. Dr. Welch, "we actually can force down prices here on the necessities of life. Persons generally are spending money like drunken sailors, labor, which should be producing essentials, is devoted to non-essentials. This is not the time for extravagance, except for applying people. We don't want fancy—what we do want is at least 500,000 Louisville people to join this campaign. Let's make it a badge of honor to wear old clothes, carry lunches to the office, abstain from sweets and buy nothing not absolutely needed. Then watch prices drop."

WASHINGTON, Oct. 18.—The supreme court today refused to review the conviction in New York of the American Socialist party for violating the espionage act. The party was fined \$5,000 for publishing a pamphlet by Scott Nearing entitled "The Great Madness." Nearing was tried at the same time but was acquitted.

PERU FISHERIES ABLE TO FEED ENTIRE WORLD

Islands Along Coast
Sanctuaries for
Birds
Fisheries Unorganized
Brooklyn Scientist
Reports

NEW YORK, Oct. 20.—(By The Associated Press.)—The Japanese foreign office today issued a statement on the cause of the Japanese government's refusal to allow the American military attaché in Tokyo.

The statement says that the Japanese government is not in a position to allow the American military attaché to visit the islands of the Japanese archipelago, which are now under the control of the Japanese government. The statement also says that the Japanese government is not in a position to allow the American military attaché to visit the islands of the Japanese archipelago, which are now under the control of the Japanese government.

The fisheries of Peru, he said, are unorganized and although fish are plentiful, including such edible varieties as the bonito, the anchovy, the sardine, the mackerel, the herring, the cod, the flounder and the salmon, Peruvians literally "waste" the fish. They catch them in large quantities and then sell them at a low price, often as low as one cent a pound. The fish are then sold to the cannery, which canning them and exporting them to other countries.

The "wonderful fish and bird life" of Peru, Mr. Murphy attributed to the Humboldt Current, a cold body of oceanic water which flows along the coast of Peru. He made many observations of this current, he said, following those of Alexander Agassiz and Dr. Robert F. Coker of the United States Fish Commission, who were the first to study the current. The result of the interesting correlation between the Humboldt Current and the abundance of fish and bird life, he said, he has covered in more than 600 pages of data. He also brought with him sixteen cases and crates, in many of which are specimens of curious marine and feathered creatures.

Mr. Murphy called attention to the guano or fertilizer deposits of Peru, which, he said, may be doubted by the conservationists, but he pointed out that the guano is a valuable fertilizer and is used in large quantities in Peru. He also pointed out that the guano is a valuable fertilizer and is used in large quantities in Peru.

Mr. Murphy, who is 24 years old and a graduate of Brown University, said that he had been in Peru for three years, during which time he had made many observations of the fish and bird life of Peru. He also pointed out that the guano is a valuable fertilizer and is used in large quantities in Peru.

HIGH COSTS CUT CHARITY GIVING

Trinity Church in New York Reduces Gifts to Poor

NEW YORK, Oct. 20.—(By The Associated Press.)—The Trinity Church in New York today announced that it had decided to reduce its gifts to the poor due to the high cost of living.

The church's annual budget for the year 1920-1921 was \$100,000. Due to the high cost of living, the church's expenses for food and clothing for the poor had increased by 50 percent.

The church's board of directors decided to reduce its gifts to the poor by 25 percent. This decision was met with some opposition from the church's members, but the board felt it was necessary.

The church's board of directors also decided to increase its gifts to the church's own members. This decision was met with some opposition from the church's members, but the board felt it was necessary.

The church's board of directors also decided to increase its gifts to the church's own members. This decision was met with some opposition from the church's members, but the board felt it was necessary.

Misdirected Cablegram Fails To Prevent Their Wedding

A misdirected cablegram came close to shattering a romance which culminated in the Marriage License Bureau of New York when Miss Doris Lown, an English music hall dancer, and Cyril Tucker, a Vanderbilt actor, were married.

Miss Lown had cabled her fiancé asking him to meet her upon her arrival. The cablegram, however, was misdirected and Tucker did not know that Miss Lown was on her way to the United States. When she arrived Miss Lown was sent to Ellis Island. She appealed to a theatrical organization, which located Tucker and he sped to New York and the ceremony followed immediately after his arrival.

any sovereignty but merely to harmonize currency, transportation, customs, tariffs and telegraphs and arrange co-ordination of their defense of their independence as a new group is threatened.

MEXICO CITY, Oct. 19.—The statement by Mexico City newspapers that the visit here of George Creel, chairman of the committee on public information during the war, was on confidential mission from President Wilson, followed a statement by Mr. Creel prior to his departure for the United States that he had no mission from the President and had no government connection whatsoever.

A nation-wide educational movement among thirty nationalities in this country, having for its purpose the endeavor to "adjust the foreign born to American life," has been undertaken by the council which has held numerous conferences with leading representatives of each race. More than 100 industrial and financial organizations of the country are said to be interested in the Council, which advocates "a liberal attitude on the part of the public toward immigrants" as a result of the reported unskilled labor shortage.

What does wash day mean to you? A day to be dreaded? A day that you pay for in weariness all the rest of the week? Why not change this plan and let an electric washing machine take up this burden for you? Come to this exclusive washing machine store and see 15 different makes in operation.

An Electric Washing Machine
---Turns Wash Day to Play Day

Wash day in the home where there is an electric washing machine means a day that you may enjoy just as much as you would any day. Set the washing machine to work—have your washing flying on the line by nine o'clock—and start on a day's outing as rested and refreshed as you were when you started the day.

The 15 Best Makes Are Here Side By Side -- Awaiting Your Selection

You are not confined to the selection of one particular machine here—you have a choice of the 15 best makes in the country—and you see them here working side by side. There is one type here best suited to your purpose. Come and see it in operation.

This is the largest washing machine store in the West, where genuine helpful service follows the sale of every machine sold

We Are Now Agents for the
Lalley Light

We have accepted the agency for the Lalley Light and Power Plants and are now in a position to serve those who have been unable to have electricity in their homes.

Come in and let us explain these plans which may be installed in any home where there is a gas or electric line and where it is not obtainable. Will carry 100 lights and will operate all appliances at very small cost.

PAPER TIMBER IN LABRADOR FORESTS

ST. JOHN'S, N. F., Oct. 19.—(By The Associated Press.)—Recent surveys of Labrador which have disclosed immense resources of timber suitable for pulp and paper manufacture have led to a determination of the boundary line between Newfoundland and the Canadian province of Quebec.

This line has never been laid down by actual survey and its various definitions as given in documents issued at intervals in the last century and a half are so vague that government officials do not know just how much of Labrador belongs to Newfoundland and how much to Canada.

The east of Labrador is rich in natural resources, including enormous waterpower, has long been known, but the practicability of utilizing its forests for paper making was not demonstrated until the world-wide paper shortage led to extensive searches for timber in the territory. This resulted in applications by promoters to the Newfoundland government for timber limits in Labrador. As these could not be acted upon until it was determined whether Newfoundland owned the land in question, representatives of this colony were sent to London late in 1918, and there, in discussion with Canadian officials, the preparation of a formal draft of Newfoundland's Labrador claims as opposed to those of Canada.

The east of Labrador was annexed to Newfoundland in 1909. Ten years later, owing to difficulties arising out of claims made to a number of persons under the French rule, it was returned to Canada. In 1919 it was again transferred to Newfoundland and has since been attached to this colony.

The difficulty arises over different interpretations of the words "coast of Labrador." One view is that Newfoundland can claim only the coast between Blanc Sablon and Cape Chidley, with perhaps a half a mile inland, and that the rest of Labrador belongs to Canada. As defined in the letter patent constituting the office of Governor of Newfoundland, the boundary was described as a line drawn between Blanc Sablon and Cape Chidley, which would pass through the ocean in certain sections and leave large areas of the coast to the westward of the line and therefore not under Newfoundland jurisdiction.

Many Newfoundland officials hold to the view that the correct delimitation was made in a sessional paper issued in this colony in 1880. Under the terminology of this document Newfoundland would be entitled to thousands of square miles of the interior of the Labrador peninsula in addition to the coast.

EAGLE PASS, Texas, Oct. 18.—Two persons were dead and one wounded as the result of two shots fired at a picnic in Piedras Negras, Mexico, Sunday. Five shots fired at Mariano Pallas of the Mexican army resulted in his death and wounding of a woman. A Mexican woman, alleged to have fired the shot, "Luis" Perna was shot and killed during a quarrel, the police say, over politics.

KIP PILGRIMAGE IS REMEMBERED AFTER 65 YEARS

Bishop Nichols of San Francisco Speaker Yesterday
Basket Picnic Follows Remarkable Excursion to Foothills

A most notable gathering of clergy and laymen gathered yesterday at the most notable historical spot in Fresno county, when Bishop William Ford Nichols of California, Bishop Louis Childs Sanford of the San Joaquin Valley, the clergy of this and neighboring counties and many communicants of the Episcopal church and other citizens gathered at Fort Miller. The occasion was the celebration of Holy Communion at Fort Miller in observance of the twenty-fifth anniversary of the Pilgrimage of Bishop Kip, the first of California, through the state in 1825, through the state in 1825, through the state in 1825.

The gathering, estimated in number at 150, had a basket picnic at the grounds after the service, and were entertained with stories about the mining days of early Fresno and the incidents of Millerton life, by L. A. Winchell, vice-president of the Fresno County Historical Society.

In addition to the two members of the episcopate named, the visiting clergy of the day were Rev. L. A. Wood of Porterville, P. D. Graves of Fresno and assisted in the celebration of Holy Communion by Rev. L. W. Bond of Fresno appeared as the general missionary of the district.

Bishop Kip, sixty-five years ago, had any such day for his visit to the foothill mining camp and army post, he must have been wonderfully impressed with the beauty spot that he found. We know from his accounts of his trip that he had a tedious journey up through California from Los Angeles. And we know that the Millerton of that day was a mining and stage village of the sort pretty much typical of other California but, California weather was never more glorious than yesterday, for the recurrence of this October 20 anniversary. The rain had included the day as well as the night. The few clouds floating in the sky emphasized the "blue" and "blue" lay soft and gentle against the horizon without any of the harshness of midsummer.

The auto excursionists left Fresno at a quarter of eight for the twenty-three miles over the plains, along the San Joaquin River bottom to Friant and then through the low hills, past Collins Springs and the deserted courthouse at the Millerton site to the Fort, a mile further on. The scene of the present day very noticeably turned over the privilege of the Fort buildings, now used as ranch headquarters, to Bishop Sanford for the day. When the party had reached within a quarter of a mile of the Fort, the cars were parked and the clergy donned their impressive robes. William C. Harvey acted as cross bearer and was followed in due order by clergy and laity. Besides the visiting members of the Episcopal church, guests of the occasion were Rev. T. C. Eichen of the United Methodist church of Fresno, Rabbi Alexander Segal of Temple Beth Israel and Rev. C. E. Rykert of the German Evangelical church.

SAYS MODIFICATION OF TREATY NEEDED
WASHINGTON, Oct. 20.—Modification of the Versailles treaty and cooperation of nations "on the basis of a mutually helpful agreement" are necessary, "if ending peace and prosperity is to come to any of the nations of Europe," Rev. E. C. Backman of Philadelphia declared at the night session of the biennial convention of the United Lutheran church.

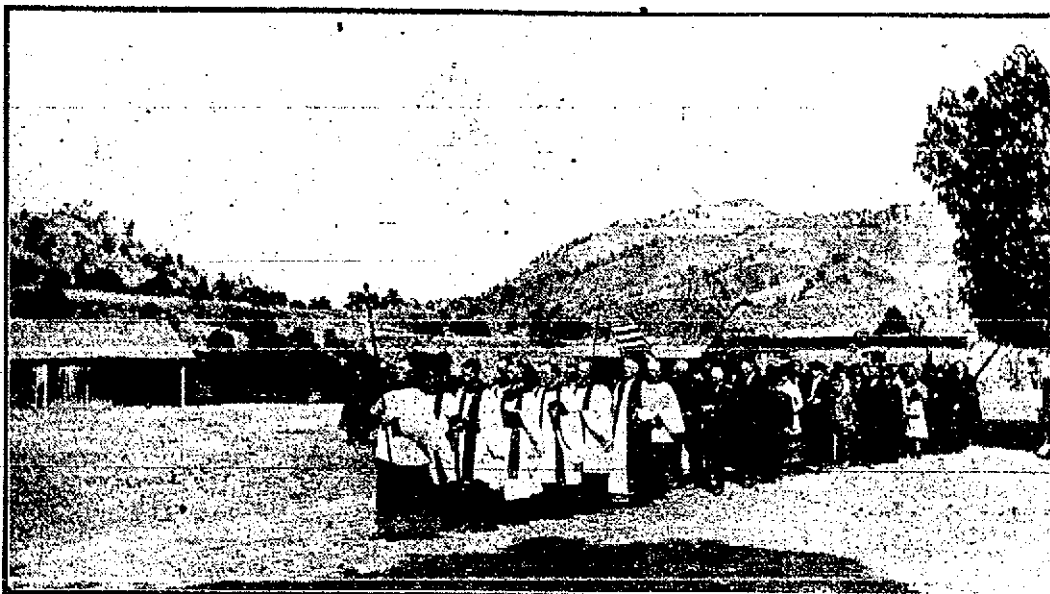

Dr. Backman said he had found "dire distress" in Germany during unemployment, because theories were closed for lack of cost and raw materials.

The convention was everywhere in Germany, Dr. Backman said, that America had been "the deciding factor" in Germany's defeat, but there was at the same time "a remarkable absence of bitterness" because America had "so generously dealt with her vanquished foe, especially in relief work."

Rev. L. B. Wolf of Baltimore, secretary of the Board of Home Missions, told of the Lutheran mission conference at Crana, Switzerland, last summer, at which it was decided, he said, that German missionaries should soon be permitted to return to the fields from which they had been driven by the war.

Lutheran foreign missionary work had been found to be at a standstill and in need of immediate relief from the American Lutheran church, the speaker said.

PROCESSION AT FORT MILLER

Clergy and laity of San Joaquin Episcopal district and many citizens of Fresno County marching in procession at Fort Miller yesterday after celebration of Holy Communion by Bishop Louis Childs Sanford.

FRANCE LETTER FROM WOMAN

Government Is Not in Any Way Implicated Says Senator

CHICAGO, Oct. 20.—The letters from France received by Senator Joseph I. France of Maryland, proposing a change in the League of Nations, were from a woman and not a man, the senator said today. The proposal dealt chiefly with desirability of calling "an international convention of friends of peace," in said.

Senator France, however, said the offer was similar to those made to Senator Harding and that although the senator said she believed she was not connected with the proposal. "A distinguished woman writer of 'The Nation' has written me," he said, "she is a member of an organization which is working actively among the thinkers of her nation to form a body, which will give subject nations a definite chance for self government inasmuch as they have proved themselves capable of it."

"It does not seem to be generally known in this country that the labor party of Great Britain and the workers of France are strongly opposed to the League of Nations as at present constituted. Similar feeling in other European nations endeavored to have inserted a clause in the Versailles treaty, which would give subject nations a position in relation to the great power to which it belonged analogous to that existing between the Philippine Islands and the United States."

BRAZIL HAS NEW BUREAU ON COTTON
RIO DE JANEIRO, Oct. 19.—Increased and improved production of cotton, especially in northeastern Brazil, a great potential producing center which is at present quite undeveloped, is the object of a Cotton Service Bureau recently established by presidential decree. The bureau will investigate the conditions and establish experimental stations to study the culture of cotton and preventive measures against pests and plant diseases. Planters in the cotton zones will be provided with machinery, implements and fertilizers at cost prices, and establishments will be instituted for preparing cotton for market.

A representative of the big English cotton combine is now in the northern states making a special study of conditions.

MANY TO EMIGRATE
NEW YORK, Oct. 20.—Approximately 20,000 Italians are expected to emigrate to the United States during the coming three years, Baron Romano Avezzani Italian ambassador said today.

There are no doubt many more Italians who will leave their native land during that time, he said, but their destination will be South America and France which offer special inducements to Italian settlers.

Prohibition Agent Acquitted of Murder

NEW YORK, Oct. 20.—Stanley N. McMullin, prohibition enforcement agent, today was acquitted by a federal jury of a charge of murdering Harry Carter, a chauffeur, during a liquor raid several months ago. McMullin later was placed under arrest on a warrant sworn to by the warden of the Indiana state prison, to which McMullin was said to have been sentenced as "John H. Murphy" in 1908. He was said to have been paroled in November, 1912, while serving a sentence of one to eight years.

SCOTLAND WHALING IS SUCCESS.
LONDON, Oct. 20.—Whalers from the Shetland Islands have had a successful season this year and at this time have 200 whales on board their boats. At Collieston station the total catch landed was 120.

WASHINGTON, Oct. 20.—Italy will have two entire entries in the international bottom race to start from Birmingham Saturday. The Italian Embassy announced today that the team will be in charge of Major Vail, who won the last international race at Antwerp.

COLUMBIA VOTE IS GOING WET

VAN COVER, N. C., Oct. 20.—Early today a vote on the prohibition question indicated a "wet" majority in excess of ten thousand for the province of British Columbia.

WASHINGTON, Oct. 20.—At St. Mihiel, France, in memory of the first great American battle effort of the war an unique centennial to be celebrated under Red Cross auspices, the operating with the French government the junior section of the American Red Cross will finance there the erection and operation of a model hospital building.

SAN FRANCISCO, Oct. 20.—Paul P. Meehan, assistant commissioner of harbor and revenue arrested from Washington today to investigate alleged liquor enforcement and other internal revenue activities here. Meehan said that the situation warranted it, he would recommend endorsement of more prohibition enforcement officers at California.

Plan For Better Crop Estimates

WASHINGTON, Oct. 20.—Plans for better world crop statistics will be submitted to the general assembly of the International Institute of Agriculture at Rome by L. M. Estabrook, chief of the department of agriculture of crop estimates who left today to attend the forthcoming assembly meeting. Mr. Estabrook also will recommend that all of the countries represented in the international institute under a provision of the department of agriculture of crop estimates who left today to attend the forthcoming assembly meeting. Mr. Estabrook also will recommend that all of the countries represented in the international institute under a provision of the department of agriculture of crop estimates who left today to attend the forthcoming assembly meeting.

MANY AUTO INQUESTS
LOS ANGELES, Oct. 20.—The coroner's office announced today that it had four inquests pending for today and tomorrow over the bodies of four persons run down and killed in automobile accidents on the streets here.

The traffic bureau of the police department said there had been three accidents reported this month to date involving "time" fatalities, in cases of serious injuries and less than injuries. The traffic bureau for all of September numbered ten.

FACE-DISFIGURED WITH PIMPLES

Red and Festered, Itched and Burned. Cuticura Heals.

"Littered pimples started to break out on my forehead and other parts of my face. They got larger and festered and itched and burned so that I could not help but scratch them, which caused them to become larger, more eruptions. My face was disfigured badly while the trouble lasted. Nothing gave me relief until I used Cuticura Soap and Ointment, and after using them for three weeks I was completely healed." (Signed) Miss Rose Hanzel, Ovando, Mont.

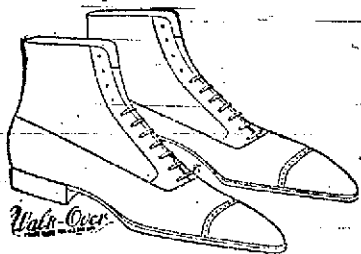

Clear the pores of impurities by daily use of Cuticura Soap and occasional touches of Cuticura Ointment as needed to soften, soothe and heal. They are ideal for the toilet, as is also Cuticura Talcum for perfuming.

Sample Book Free by Mail. Address: Cuticura Laboratories, Dept. 1, P.O. Box 100, Lowell, Mass. Send no money. Sample Book, Ointment, Soap, Talcum.

**ANNOUNCE CLOSE OF
SHIP BOARD SCHOOL**
WASHINGTON, Oct. 18.—Disc-

chairman of the Shipping Board training schools for mechanics, a motion was announced by Chairman Bonissim. Orders have been issued, he said, to close the school at Coast Stuart, Portsmouth, Va., by January 1. Schools at San Francisco and Seattle will be closed later.

With the ship construction program practically completed, the chairman told the board that found it could obtain enough sailors on the Atlantic Coast without the school. Training of student officers will continue however both in the technical schools and on training ships.

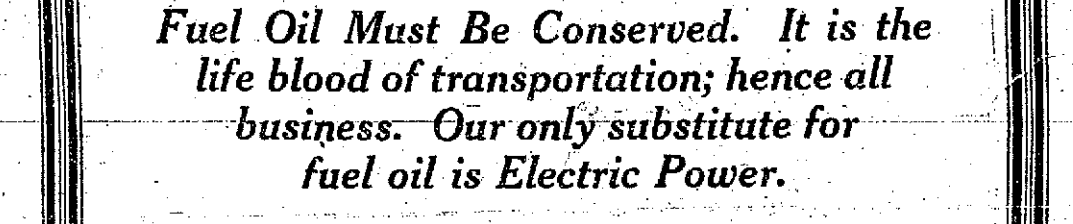

REFUSE GASOLINE AND OIL TO GAS MAKERS

NEW YORK, Oct. 18.—New York gas manufacturers, facing a shortage of oil and higher prices this winter because of the public's insatiable demand for gasoline, pleaded for guarantee of needed quantities.

Through the American Petroleum Institute today but were refused. The gas stove has been a sufferer from the growth of the automobile industry and it appears it will continue to be the manufacturers declare. They said their industry was an

essential one, while most automobiles were luxuries. They suggested a locations of oil, but were told petroleum products are sold in an open market with prices governed by the fundamental economic law of supply and demand.

[illegible]**VER**

Almost one million barrels of oil would be required to generate this same amount of electricity by oil-burning steam plants.

Two million barrels of oil will be saved in the San Joaquin Valley alone by the use of electric power next year.

commercial enterprise. The cemetery is located on a hillside where 22,000 American soldiers are buried. The French government has been asked by the American Army Graves Registration Service authorities to provide the necessary facilities in the front of the cemetery, and the entire crest of the hill occupied in part by the cemetery as well as plots at both sides.

The Romance, which is being developed by the Secretary of War as the permanent resting places of more than 20,000 soldier dead who will continue to lie in the cemetery, is one of the forts built in the hope of Mont Valerien, one of the forts built to defend Paris is already protected against encroachment of any sort, and the same nearly 100 acres of ground in the Romance will not only safeguard the cemetery against any encroachment but will provide areas which will be used by the French for the planting of trees and shrubbery. At present time the cemetery is surrounded only with a long wall, and there are no available funds to erect a permanent commemoration of the conflict will not begin for some months. Most of the bodies in the cemetery now are to be removed to America and the work of the American Graves Registration Service cannot be finished until some time next year. After the work is finished bodies from other cemeteries will be moved in.
